Good Answers For Annual Reviews:

Annual Review of Information Science and Technology Information Today Inc, 2005-10 ARIST published annually since 1966 is a landmark publication within the information science community. It surveys the landscape of information science and technology providing an analytical, authoritative and accessible overview of recent trends and significant developments. The range of topics varies considerably reflecting the dynamism of the discipline and the diversity of theoretical and applied perspectives. While ARIST continues to cover key topics associated with classical information science e.g. bibliometrics, information retrieval, editor Blaise Cronin is selectively expanding its footprint in an effort to connect information science more tightly with cognate academic and professional communities.
