**Child Development and Learning 2-5 Years** Cath Arnold,1999-01-01 This book grew out of a three year study of one child documenting her social emotional and cognitive development It provides a valuable insight for all students and teachers of child development at the individual level The observations and assessments are presented here as a model for students to use in their own observations aimed at supporting and extending children s learning The book sets out theories and traditions in early childhood development and care as well as ways of analyzing observations This is an essential book for students and practitioners involved in research and observation in early years settings     *Outgrowing God* Richard Dawkins,2019-10-08 Should we believe in God In this brisk introduction to modern atheism one of the world s greatest science writers tells us why we shouldn t Richard Dawkins was fifteen when he stopped believing in God Deeply impressed by the beauty and complexity of living things he d felt certain they must have had a designer Learning about evolution changed his mind Now one of the world s best and bestselling science communicators Dawkins has given readers young and old the same opportunity to rethink the big questions In twelve fiercely funny mind expanding chapters Dawkins explains how the natural world arose without a designer the improbability and beauty of the bottom up programming that engineers an embryo or a flock of starlings and challenges head on some of the most basic assumptions made by the world s religions Do you believe in God Which one Is the Bible a Good Book Is adhering to a religion necessary or even likely to make people good to one another Dissecting everything from Abraham s abuse of Isaac to the construction of a snowflake *Outgrowing God* is a concise provocative guide to thinking for yourself Praise for *Outgrowing God* My son came home from his first day in the sixth grade with arms outstretched plaintively demanding to know Have you ever heard of Jesus We burst out laughing Maybe not our finest parenting moment given that he was genuinely distraught He felt that he had woken up one day to a world in which his peers were expressing beliefs he found frighteningly unreasonable He began devouring books like *The God Delusion* books that helped him formulate his own arguments and helped him stand his ground Dawkins s new book is special in the terrain of atheists pleas for humanism and rationalism precisely since it speaks to those most vulnerable to the coercive tactics of religion As Dawkins himself says in the dedication this book is for all young people when they re old enough to decide for themselves It is also I must add for their parents Janna Levin author of *Black Hole Blues* When someone is considering atheism I tell them to read the Bible first and then Dawkins *Outgrowing God* second only to the Bible Penn Jillette author of *God No*     **R. interviewed were eleven celebrated Lincoln scholars and historians the leaders of the National Lincoln Forum the Abraham Lincoln Association Lincoln Groups and Civil War Roundtables from coast to coast two celebrated Lincoln artists an array of Lincoln impersonators including Gettysburg's own curators animators professors teachers presenters and more They so movingly responded inspiring and driving the author deep into Lincoln's universe and into much material that is not often considered especially as to racism and race his shadow boxing with God his faith and doubt his exquisite humanity and extraordinary ability to lead his nation of suffering and the torture it exacted upon him and his rich reverence for both all that America was and could be
