papers. We are aware that the shared papers from administrative zone 4 were seen by candidates in administrative zone 3 who had not yet sat the exam and that this could have given them an unfair advantage. We understand that schools in Egypt, Jordan and Kuwait have expressed concern about this. We share this concern, and we are writing to tell you the actions we are taking to make sure that no candidate in any country is unfairly advantaged or disadvantaged by this security breach.

To maintain the integrity and fairness of the assessment for all candidates worldwide, we will award an 'assessed mark' for these components to all candidates in Egypt, Kuwait and Jordan in place of using the marks from the multiple-choice paper. This allows us to award candidates a fair grade and at the same time prevent them from being unfairly advantaged or disadvantaged.

I appreciate you may have questions about this approach and that it may disappoint some schools and candidates who have worked hard to prepare for these exams. We understand and share this disappointment and are taking this action to allow us to award all candidates a fair grade.
