Introduction to Rubrics. Major growth of interest in keeping journals or diaries for personal reflection and growth and as a teaching tool. Will appeal to college faculty, administrators and teachers. One of the most powerful ways to learn, reflect and make sense of our lives is through journal keeping. This book presents the potential uses and benefits of journals for personal and professional development, particularly for those in academic life and demonstrates journals' potential to foster college students' learning fluency and voice and creative thinking. In professional life, a journal helps to organize, prioritize and address the many expectations of a faculty member's or administrator's roles.
