Cheyeka,Alawia Ibrahim Farag,2015-10-13 This volume is the result of academic cooperation between scholars in Norway Sudan Zambia and South Africa linked to a master s program in international education and development It draws upon studies carried out in Sudan Zambia Namibia and South Africa Most of the

chapters deal with the HIV AIDS pandemic in various ways Because youth are the group most vulnerable to HIV AIDS the various chapters discuss the complex discursive spaces that youth inhabit and navigate and where the interlocking concepts of social identity power inequality sexuality vulnerability and resilience are brought together Many of the chapters discuss the HIV AIDS pandemic in relation to indigenous knowledges and argue for including indigenous knowledges in the fight against the pandemic The suggestion to include indigenous knowledges opens space for a more varied holistic and comprehensive approach to the pandemic The book invites readers to explore the oppressive and often dangerous socioeconomic situation that many youth in sub Saharan Africa experience also beyond the HIV AIDS pandemic Chapters on street youth in Namibia and youth in a township in Cape Town discuss the often creative coping mechanisms employed by youth to escape or mitigate the oppressive situations they find themselves in *Journal of the Institute of Transport* ,1927

Multilingual Learning: Assessment, Ideologies and Policies in Sub-Saharan Africa Colin Reilly,Feliciano Chimbutane,John Clegg,Casmir Rubagumya,Elizabeth J. Erling,2023-11-30 This edited volume provides the follow up to Erling et al s 2021 Multilingual Learning and Language Supportive Pedagogies in Sub Saharan Africa The strategies put forward in Volume 1 included multilingual pedagogies that allow students to draw on their full linguistic repertoires translanguageing and other language supportive pedagogies While there is great traction in the pedagogical strategies proposed in Volume 1 limited progress has been made in terms of multilingual education in Sub Saharan Africa SSA Thus the main focus of this follow up volume is to explore the question of why former colonial languages and monolingual approaches continue to be used as the dominant languages of education even when we have multilingual pedagogies and materials that could and do work and despite substantial evidence that learners have difficulties when taught in a language they do not understand This book offers perspectives to answer this question through focusing on the internal and external pressures which impact the capacity for implementing multilingual strategies in educational contexts at regional national and community levels Chapters provide insights into how to better understand and work within these contemporary constraints and challenge dominant monoglossic discourses which inhibit the implementation of multilingual education in SSA The volume focuses on three main areas which have proven to be stumbling blocks to the effective implementation of multilingual education to date namely assessment ideology and policy An insightful collection that will be of great interest to academics researchers and practitioners in the fields of language education language in education policy and educational assessments in the wide range of multilingual contexts in Africa *Education and climate change* Samantha Govender,Mncedisi C Maphalala,Dumisani W. Mncube,2025-06-15 The book highlights the critical yet often overlooked role of education in combating climate change It advocates for a transformative educational framework that integrates social emotional learning and interdisciplinary collaboration Traditional education which focuses solely on factual knowledge is deemed insufficient Instead education should foster empathy provide hands on experiences and encourage active engagement in climate

solutions The book outlines various ways education can drive climate action such as raising awareness preparing individuals for green jobs empowering communities and fostering innovation in higher education It highlights the interconnectedness of climate change and education particularly for marginalised populations showing how quality education can enhance both mitigation and adaptation strategies while supporting Sustainable Development Goal SDG 4 and SDG 13 Key chapters discuss successful initiatives such as the Keep it Cool Climate Change Education KIC CCE project in South Africa and offer strategies for integrating climate change education into subjects like Natural Sciences and Geography Ultimately the book positions education as a strategic tool for promoting sustainable development and building climate resilience New research findings presented in the book connect education to climate change highlighting education as both a tool to address climate issues and a domain affected by these issues The book integrates empirical evidence innovative theories and practical examples to ensure intellectual integrity and academic rigour It introduces a unique framework that emphasises social emotional learning action oriented teaching and interdisciplinary collaboration Case studies such as the KIC CCE initiative in South Africa illustrate these concepts The book critiques traditional models and advocates for transformative approaches to climate education aligning with SDG 4 Quality Education and SDG 13 Climate Action It also highlights the significance of teacher preparedness community empowerment gender equality and innovation providing valuable insights for scholars policymakers and practitioners addressing the climate crisis
