Mt Kenya Law Intake 2015:

Kenya's 2013 General Election Njogu, Kimani, Wekesa, Peter Wafula, 2017-08-09 When voters enthusiastically turn up to cast their vote during general elections they expect that their action would meaningfully change their lives But in most of Africa even when elections are held on a regular basis voters are quite often disappointed by the performance of their leaders who use the new positions as an opportunity to loot public resources and consolidate power It is almost as if elections are of minimal value to the populace Notwithstanding this trend when they are free and fair general elections can be transformative They can bring into the political arena men and women of integrity committed to service and accountability Inspired by the determination to have inclusive governance and the advancement of democracy Kenya's 2013 General Election Stakes Practices and Outcomes asks important questions related to political participation coalition building politics of identity the international criminal court electoral systems and institutions and the judiciary The papers are written by mainly Kenyan academics and civil society actors who examine the drivers of the 2013 general elections and the sources of the mandate to lead This book is part of publications by Twaweza Communications on democratic practice and accountable governance in Kenya

Lawyers in 21st-Century Societies Richard L Abel, Ole Hammerslev, Hilary Sommerlad, Ulrike Schultz, 2020-04-02 The world's legal professions have undergone dramatic changes in the 30 years since publication of the landmark three volume Lawyers in Society which launched comparative sociological studies of lawyers This is the first of two volumes in which scholars from a wide range of disciplines countries and cultures document and analyse those changes The present volume presents reports on 46 countries with broad coverage of North America Western Europe Latin America Asia Australia North Africa and the Middle East sub Saharan Africa and former communist countries These national reports address the impact of globalisation and neoliberalism on national legal professions the relationship of lawyers and their professional associations to the state and tensions between state and citizenship changes in lawyer demography rapidly growing numbers and the profession's efforts to retain control the entry of women and obstacles to full gender equality ethnic diversity legal education the proliferation of institutions and pedagogic innovation the regulation of lawyers structures of production especially the growth of large firms and the impact of technology and paraprofessionals the distribution of lawyers across roles and access to justice state funded legal aid and pro bono services The juxtaposition of the reports reveals the dramatic transformations of professional rationales labour markets and working practices and the multiple contingencies of the role of lawyers in societies experiencing increasing juridification within a new geopolitical order

Arsenic in Groundwater M. Manzurul Hassan, 2018-03-08 Arsenic contaminated groundwater is considered one of the world's largest environmental health crises as more than 300 million people in more than one third of countries worldwide are at risk of groundwater arsenic poisoning This book addresses how arsenic in groundwater impacts human health by using the frameworks of natural sciences social sciences and health sciences in the context set by environmental and legal

considerations Arsenic in Groundwater Poisoning and Risk Assessment examines the spatial quantitative and qualitative aspects on arsenic poisoning for instance using geographical information systems GIS to investigate the spatial discontinuity of arsenic laced water in spatial and temporal dimensions to uncover patterns of variations over scales from meters to kilometers Spatial risk mapping provides insight for academics researchers policy makers and politicians on possible long term strategies for arsenic mitigation Qualitative methodological approaches uncover the hidden issues of arsenic poisoning on human health and the related social implications The book also examines legal aspects such as the right to safe drinking water as well as an in depth look at how community participation can shape public policy Features Describes arsenic poisoning from both the scientific and social science perspectives Includes technical insights drawn from GIS based modeling for spatial arsenic discontinuity and spatial health risks of arsenic poisoning Provides a state of the art review of the human health literature and cutting edge scientific evidence for arsenic related health and social implications Examines the environmental justice and legal issues of drinking water and its quality Presents environmental policy and public mitigation strategies with Public Participation GIS PPGIS related to arsenic contamination More than 2 000 references serve as valuable resources for various aspects of arsenic poisoning

Law, Religion and the Environment in Africa M. Christian Green, Muhammed Haron, 2020-06-03 This volume explores themes of ecotheology ecofeminism environmental pollution and degradation climate change human and environmental rights sustainable development human animal relations through totem and taboo sacred sites and spaces and other environmental topics in ways that add immeasurably to the study of African environmentalisms and the interaction of law and religion In terms of religion the capability of humans not only to sin and destroy the earth but also to repair and redeem it is very much in evidence across Christianity Islam and Africa s many indigenous religious and cultural traditions In terms of law the need for effective policies and for states and governments to work with indigenous groups and communities towards environmental solutions is also apparent

Queer and Trans African Mobilities B Camminga, John Marnell, 2022-06-16 Winner ASR Best Africa Focused Edited Collection by the African Studies Review Recent years have seen increased scholarly and media interest in the cross border movements of LGBT persons particularly those seeking protection in the Global North While this has helped focus attention on the plight of individuals fleeing homophobic or transphobic persecution it has also reinvigorated racist tropes about the Global South In the case of Africa the expansion of anti LGBT laws and the prevalence of hetero patriarchal discourses are regularly cited as evidence of an inescapable savagery The figure of the LGBT refugee often portrayed as helplessly awaiting rescue reinforces colonial notions about the continent and its peoples Queer and Trans African Mobilities draws on diverse case studies from the length and breadth of Africa offering the first in depth investigation of LGBT migration on and from the continent The collection provides new insights into the drivers and impacts of displacement linked to sexual orientation or gender identity and challenges notions about why LGBT Africans move where they are going and what they experience along the way

Yearbook of International Organizations 2014-2015 (Volume 3) Union Of International Associations, Union of International Associations, 2014-08-20 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Volume 3 allows readers to locate organizations by subjects or by fields of activity and specialization and includes an index to Volumes 1 through 3

The Colobines Ikki Matsuda, Cyril C. Grueter, Julie A. Teichroeb, 2022-02-24 The Colobines are a group of Afroeurasian monkeys that exhibit extraordinary behavioural and ecological diversity With long tails and diverse colourations they are medium sized primates mostly arboreal that are found in many different habitats from rain forests and mountain forests to mangroves and savannah Over the last two decades our understanding of this group of primates has increased dramatically This volume presents a comprehensive overview of the current research on colobine populations including the range of biological ecological behavioural and societal traits they exhibit It highlights areas where our knowledge is still lacking and outlines the current conservation status of colobine populations exploring the threats to their survival Bringing together international experts this volume will aid future conservation efforts and encourage further empirical studies It will be of interest to researchers and graduate students in primatology biological anthropology and conservation science Additional online resources can be found at www.cambridge.org/colobines
