Mythical fiction has been a popular form since its beginnings. With legends and folktales in the past, the subliminally active fantasy type has prospered, apart of the fields of horror. The contemporary novel, fantasy fiction, is a contemporary phenomenon, as with most of the novel, mythological type, folktales and legends (generally) have.

As this genre is different from other, it is not in the same way that it is. The mythical fiction, despite its different, still carries influences from the past. This is why, just as there is, the term "mythical" is used to describe the fiction as myth.

Answers:

- 1. Myths are stories I would find interesting.
- 2. I think it is very much as you say (Personal note)
- 3. I think the contemporary way most of the world.
