**The Century Dictionary and Cyclopedia**,1906 *Muhammad's Body* Michael Muhammad Knight,2020-08-06 Muhammad's Body introduces questions of embodiment and materiality to the study of the Prophet Muhammad Analyzing classical Muslim literary representations of Muhammad's body as they emerge in Sunni hadith and sira from the eighth through the eleventh centuries CE Michael Muhammad Knight argues that early Muslims theories and imaginings about Muhammad's body contributed in significant ways to the construction of prophetic masculinity and authority Knight approaches hadith and sira as important religiocultural and literary phenomena in their own right In rich detail he lays out the variety of ways that early believers imagined Muhammad's relationship to beneficent energy baraka and to its boundaries effects and limits Drawing on insights from contemporary theory about the body Knight shows how changing representations of the Prophet's body helped to legitimize certain types of people or individuals as religious authorities while marginalizing or delegitimizing others For some Sunni Muslims Knight concludes claims of religious authority today remain connected to ideas about Muhammad's body The Century Dictionary and Cyclopedia: The Century dictionary William Dwight Whitney,Benjamin Eli Smith,1897

Thurlkill,2008-01-15 Chosen among Women Mary and Fatima in Medieval Christianity and Shi'ite Islam combines historical analysis with the tools of gender studies and religious studies to compare the roles of the Virgin Mary in

medieval Christianity with those of Fatima daughter of the prophet Muhammad in Shi'ite Islam. The book explores the proliferation of Marian imagery in Late Antiquity through the Church fathers and popular hagiography. It examines how Merovingian authors assimilated powerful queens and abbesses to a Marian prototype to articulate their political significance and at the same time censure holy women's public charisma. Mary Thurlkill focuses as well on the importance of Fatima in the evolution of Shi'ite identity throughout the Middle East. She examines how scholars such as Muhammad Baqir al-Majlisi advertised Fatima as a symbol of the Shi'ite holy family and its glorified status in paradise while simultaneously binding her as a mother to the domestic sphere and patriarchal authority. This important comparative look at feminine ideals in both Shi'ite Islam and medieval Christianity is of relevance and value in the modern world and it will be welcomed by scholars and students of Islam, comparative religion, medieval Christianity and gender studies.

**Booger Town and the Sycamore Tree** Princess Pretty Eyes, 2017-11-16. This is a story about incest, child molestation, rape, suicide, bullying, physical abuse, murder, and multiple pedophiles and ghosts. Pedophiles, rapists, and murderers have been around since the beginning of time.

**The Mouse and the Myth** Dorene Koehler, 2017-04-24. Upholds a Disney vacation as a religious experience, offers insightful arguments relating to the nature of play as well as Nietzschean philosophy. Reading Religion: Rituals mark significant moments in our lives, perhaps none more significant than moments of lightheartedness, joy, and play. Rituals of play are among the most sacred of any of the rites in which humanity may engage. Although we may fail to recognize them, they are always present in culture, providing a kind of psychological release for their participants, child and adult alike. Disneyland is an example of the kind of container necessary for the construction of rituals of play. This work explores the original Disney theme park in Anaheim as a temple, cult. It challenges the disciplines of mythological studies, religious studies, film studies, and depth psychology to broaden traditional definitions of the kind of cultural apparatus that constitute temple, culture, and ritual. It does so by suggesting that Hollywood's entertainment industry has developed a platform for mythic ritual. After setting the ritualized stage, this book turns to the practices in Disneyland, properly analyzing the patron's traditions within the framework of the park and beyond. It explores Disneyland's spectacles through selected shows and parades and concludes with an exploration of the park's participation in ritual renewal. There is much to commend in Koehler's study. Surely her work should encourage others to examine myth construction and sacred/secular rituals in popular culture.
