From Tientsin to Peking with the Allied Forces (Classic Reprint) Frederick Brown, 2017-10-11 Excerpt from From Tientsin to Peking With the Allied Forces The sole excuse for undertaking the march with twenty thousand men fewer than military experts deemed necessary for the capture of Peking in the middle of the rainy season is to be found in the urgency of the situation It was daring in the extreme and had it ended in failure would have been characterised as a foolhardy undertaking But we still believe that one man with God is a majority and there were so many clear exhibitions of divine interposition during the march that I give the glory to God for the saving of the eight hundred precious lives About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The United States 15th Infantry Regiment in China, 1912-1938 Alfred Emile Cornebise, 2004-11-03 Taking up its position astride the Peking Mukden Beijing Shenyang railway beginning in January 1912 the United States Fifteenth Infantry Regiment was engaged in protecting American interests in China The 1000 man force was especially challenged during the 1920s those tumultuous years when warlords struggled to gain ascendancy in the Chinese Republic Although Chiang Kai shek established a measure of control in China by 1928 the regiment remained in China partially to counter Japan's

increasingly aggressive actions despite considerable misgivings within and outside of the United States Army as to the feasibility desirability and ethical appropriateness of the policy retaining it there The success of the Japanese in conquering much of eastern China finally compelled Washington to withdraw the regiment on March 2 1938 This work recounts and assesses some aspects of the involvement and service of the Fifteenth Infantry Regiment during its fateful quarter of a century in the Orient between the World Wars Also detailed is the Army s service in those years in general Many insights are provided regarding the self perceptions of a key generation of U S military personnel deployed there *Fighting Techniques of the Oriental World* Michael E.
