Monteleone, 2021-06-29 Good news This book is your first step toward your independence from fear and anxiety about having a repair issue with your vehicle No experience necessary And no tools You're not going to learn to be a certified technician rather I will teach you about your vehicle and the important parts of the vehicle that you need to keep an eye on I will guide you to where you can get the information about your vehicle that you are going to need to know and the manufacturer wants you to have No Internet or cell phone necessary We are going to look at ways to understand the issue with your vehicle and then clearly communicate that information to the repair shop We will take it slow and cover all the basics As we move forward I'll add a layer of relevant information adding in some cases to what you have already learned We will avoid information overload or paralysis from analysis Knowledge is king Gone are the days of I only put gas in it From reading and referring to this book you are going to understand and be able to take control of your vehicle's wellness and repair Congratulations **PRACTICAL MONEY ADVICE FOR YOUNG MEN 2.0** Malik McCotter-Jordan, 2021-12-25 I'm not suggesting that you fire your boss I quit your job In fact I advise you to keep your job in this book I have a job That's called having more than one stream of income and I talk about that in this book This is definitely not a BS Tony Robbins personal finance book with over 680 pages about compound interest him shamelessly promoting financial firms that he has an ownership stake in and saving 10% to 20% of your income This is a raw and real book written by a guy who is only a few steps ahead of you That's it I'm not a guru This is not a scam I put my heart and soul into making this I wrote this book as if it was for the 18 year old me Anyone who leaves a review saying that this book lacks realistic actionable advice is just plain wrong I even did what most of these personal finance authors don't have the guts to do I talk about my personal life and the mistakes I made that cost me thousands of dollars That's why this genre is called personal finance right I get really personal Some might say it's too
