Weber,1996 The calculated use of media by those in power is a phenomenon dating back at least to the seventeenth century as Harold Weber demonstrates in this illuminating study of the relation of print culture to kingship under England s Charles II Seventeenth century London witnessed an enormous expansion of the print trade and with this expansion came a revolutionary change in the relation between political authority especially the monarchy and the printed word Weber argues that Charles reign was characterized by a particularly fluid relationship between print and power The press helped brin Queen Anne James Anderson Winn,2014-06-03 As the last Stuart monarch Queen Anne 1665 1714 received the education thought proper for a princess reading plays and poetry in English and French while learning dancing singing acting drawing and instrumental music As an adult she played the guitar and the harpsichord danced regularly and took a connoisseur s interest in all the arts In this comprehensive interdisciplinary biography James Winn tells the story of Anne s life in new breadth and detail and in unprecedented cultural context Winn shows how poets painters and musicians used the works they made for Anne to send overt and covert political messages to the queen the court the church and Parliament Their works also illustrate the pathos of Anne s personal life the loss of her mother when she was six her troubled relations with her father and her sister James II and Mary II and her own doomed

efforts to produce an heir Her eighteen pregnancies produced only one child who lived past infancy his death at the age of eleven mourned by poets was a blow from which Anne never fully recovered Her close friendship with Sarah Duchess of Marlborough a topic of scabrous ballads and fictions ended in bitter discord the death of her husband in 1708 left her emotionally isolated and the wrangling among her chief ministers hastened her death Richly illustrated with visual and musical examples Queen Anne draws on works by a wide array of artists among them the composer George Frideric Handel the poet Alexander Pope the painter Godfrey Kneller and the architect Christopher Wren to shed new light on Anne s life and reign This is the definitive biography of Queen Anne **Correspondence of the Family of Hatton** Sir Edward Maunde Thompson,1878 **The Duke's Prize; a Story of Art and Heart in Florence** Maturin Murray Ballou,2023-01-26
Reproduction of the original **The Memoirs of the Lives and Actions of James and William, Dukes of Hamilton and Castle-Herald** Gilbert Burnet,1852
