Davis, 2009-06-30 By the close of the last millennium Dorling Kindersley had become one of the most recognisable brands in
publishing Across the range of illustrated household reference titles from children s books to travel guides its distinctive look
of colourful images cut out against a white background could be seen on bookshelves throughout the country and indeed the

with a turnover of 200 million some 1500 employees publishing arms across the English language markets a 50 strong
international sales force that dealt with more than 400 publishers a direct selling business with 30 000 independent
distributors and had expanded its skills for delivering handsomely designed reference books into the new media of videos CD
ROMs and online educational content Then a series of catastrophic printing decisions brought the company to its knees and
ultimately into the arms of Pearson Christopher Davis is uniquely positioned to tell the story of DK s rise and fall He joined
