The Analytics Process Eduardo Rodriguez, 2017-02-17 This book is about the process of using analytics and the capabilities of analytics in today s organizations Cutting through the buzz surrounding the term analytics and the overloaded expectations about using analytics the book demystifies analytics with an in depth examination of concepts grounded in operations research and management science Analytics as a set of tools and processes is only as effective as The data with which it is working The human judgment applying the processes and understanding the output of these processes For this reason the book focuses on the analytics process What is intrinsic to analytics real organizational impact are the careful application of tools and the thoughtful application of their outcomes This work

emphasizes analytics as part of a process that supports decision making within organizations. It wants to debunk overblown expectations that somehow analytics outputs or analytics as applied to other concepts such as Big Data are the be all and end all of the analytics process. They are instead only a step within a holistic and critical approach to management thinking that can create real value for an organization. To develop this holistic approach, the book is divided into two sections that examine concepts and applications. The first section makes the case for executive management taking a holistic approach to analytics. It draws on rich research in operations and management science that form the context in which analytics tools are to be applied. There is a strong emphasis on knowledge management concepts and techniques as well as risk management concepts and techniques. The second section focuses on both the use of the analytics process and organizational issues that are required to make the analytics process relevant and impactful.

Contemporary Research Methods and Data Analytics in the News Industry Gibbs, William J., McKendrick, Joseph, 2015-07-01 The advent of digital technologies has changed the news and publishing industries drastically. Managing Today's News Media Samir Husni, Debora Halpern Wenger, Hank Price, 2015-07-29 The business of journalism is in the midst of massive change. *Managing Today's News Media* Audience First offers practical solutions on how to cope with and adapt to the evolving media landscape. News media experts Samir Husni, Debora Halpern Wenger, and Hank Price introduce a forward-looking framework for understanding why change is occurring and what it means to the business of journalism. Central to this new paradigm is a focus on the audience. The authors introduce The 4Cs Strategy to describe how customers, choice, and change are all part of a strategy for successful media organizations. Real-world case studies, important theoretical grounding, and a focus on understanding rather than resisting the customer's desire for choice and control make this an unbeatable resource for students and managers alike who want to succeed in this changed media business landscape.
