system Its Race to the Top is the boldest education reform in U S history It has put in place the biggest middle class tax cuts in a generation the largest research investments ever and the most extensive infrastructure investments since Eisenhower s interstate highway system It includes the largest expansion of antipoverty programs since the Great Society lifting millions of Americans above the poverty line reducing homelessness and modernizing unemployment insurance Like the first New Deal Obama s stimulus has created legacies that last the world s largest wind and solar projects a new battery industry a fledgling high speed rail network and the world s highest speed Internet network Michael Grunwald goes behind the scenes sitting in on cabinet meetings as well as recounting the secret strategy sessions where Republicans devised their resistance to Obama to show how the stimulus was born how it fueled a resurgence on the right and how it is changing America The New New Deal shatters the conventional Washington narrative and it will redefine the way Obama s first term is perceived Purging the Republican Party Ronald T. Libby,2013-11-22 This is the first book that explains the Tea Party s successful primary campaign against Republicans in Name Only RINOs Grassroots Tea Party activists adopted this strategy in 2009 shortly after the movement emerged The first successful campaign occurred in upstate New York where the Tea Party defeated Dede Scozzafava a RINO running for congress in a Republican primary that only elected Republicans to office during the previous 100 years Armed with success they defeated conservative Utah Senator Bob Bennett an eighteen year veteran and then proceeded to defeat the popular Republican RINO governor of Florida Charlie Crist and elected the virtually unknown Tea Party candidate Marco Rubio This placed all Republicans on notice that if they do not follow conservative fiscal policies they could be primaried The Tea Party s goal is to take control of the Republican Party and return it to its original fiscal conservatism *Democracy Betrayed* Steven Rosenfeld,2018-03-06 An impassioned takedown of the undemocratic features of American electoral politics and their role in the 2016 election Americans are taught to cherish our democracy especially our right to vote But after the 2016 presidential election we are confronted yet again with the reality that our system is neither free nor fair Almost every step along the way is filled with intentional and unintentional pitfalls barriers and dysfunction The results disadvantage discourage and ultimately disenfranchise but a myth persists that our elections and democracy are exemplary Our system is adept at pre empting the very citizens whose participation would upend governing classes and economic elites That s done by making voting more complicated less accountable and resistant to reform Whether we re talking about voter ID laws superdelegates convoluted state recount rules or the archaic Electoral College procedures have greater weight than democratic principles or evidence based determinations Democracy Betrayed catalogs the long litany of ways our elections failed and continue to fail their billing as model democracy It will look through the lens of impassioned skepticism highlighting what went wrong and conveying why that need not be the case More people registered to vote in 2016 than ever before even if turnout was about the same as 2012 That shows people want a system they can believe in This book will speak to them and show them how they can fight for a better democracy **Lessons**
