home and out on the town this history chronicles the evolution of popular music in New Zealand during the 20th century From the kiwi concert parties during World War I and the arrival of jazz to the rise of swing country the Hawaiian sound and then rock n roll this musical investigation brings to life the people places and sounds of a world that has disappeared and uncovers how music from the rest of the world was shaped by Maori and Pakeha New Zealanders into a melody rhythm and voice that made sense on these **A Love Supreme** Ashley Kahn, 2003-10-28 Few albums in the canon of popular music have had the influence islands resonance and endurance of John Coltrane's 1965 classic A Love Supreme a record that proved jazz was a fitting medium for spiritual exploration and for the expression of the sublime Bringing the same fresh and engaging approach that characterized his critically acclaimed Kind of Blue The Making of the Miles Davis Masterpiece Ashley Kahn tells the story of the genesis creation and aftermath of this classic recording Featuring interviews with more than one hundred musicians producers friends and family members unpublished interviews with Coltrane and bassist Jimmy Garrison and scores of never before seen photographs A Love Supreme balances biography cultural context and musical analysis in a passionate and revealing On Highway 61 Dennis McNally, 2015-10-13 On Highway 61 explores the historical context of the significant social dissent that was central to the cultural genesis of the sixties The book is going to search for the deeper roots of American cultural and musical evolution for the past 150 years by studying what the Western European culture learned from African American culture in a historical progression that reaches from the minstrel era to Bob Dylan The book begins with America's first great social critic Henry David Thoreau and his fundamental source of social philosophy his profound commitment to freedom to abolitionism and to African American culture Continuing with Mark Twain through whom we can observe the rise of minstrelsy which he embraced and his subversive satirical masterpiece Huckleberry Finn While familiar the book places them into a newly articulated historical reference that shines new light and reveals a progression that is much greater than the sum of its individual parts As the first post Civil War generation of black Americans came of age they introduced into the national culture a trio of musical forms ragtime blues and jazz that would with their derivations dominate popular music to this day Ragtime introduced syncopation and become the cutting edge of the modern 20th century with popular dances The blues would combine with syncopation and improvisation and create jazz Maturing at the hands of Louis Armstrong it would soon attract a cluster of young white musicians who came to be known as the Austin High Gang who fell in love with black music and were inspired to play it themselves In the process they developed a liberating respect for the diversity of their city and country which they did not see as exotic but rather as art It was not long before these young white rebels were the masters of American pop music big band Swing As Bop succeeded Swing and Rhythm and Blues followed each had white followers like the Beat writers and the first young rock and rollers Even popular white genres like the country music of Jimmy Rodgers and the Carter Family reflected significant black influence In fact the theoretical separation of American music by race is not accurate This biracial fusion achieved an apotheosis in the early work of Bob Dylan born and raised at the northern end of the same Mississippi River and Highway 61 that had been the birthplace of much of the black music he would study As the book reveals the connection that began with Thoreau and continued for over 100 years was a cultural evolution where at first individuals and then larger portions of society absorbed the culture of those at the absolute bottom of the power structure the slaves and their descendants and realized that they themselves were not free LIFE ,1972-09-29 LIFE
