Reaction Paper: "3 Idiots"

The movie "3 Idiots" is an Indian film about the life of three engineering students who went to study at one of the best colleges in India, the Imperial College of Engineering. Coming from different walks of life, the three "idiots", Farhan Gureshi,

Raju Rastogi, and Ranchohoddas "Rancho" Shyamaldas Chanchad, will become best of friends. But the movie will circle on how the wisdom and ideals of Rancho will influence the life of his two friends and other characters in the story. At first, Rancho's giftedness seemed entertaining to his friends and classmates. But his free spirit and wit will irritate his lecturers including the college director, Professor Viru Sahastrabudhhe (Virus). Standing by their new beliefs as inspired by Rancho, the three friends will face obstacles that will test their loyalty and determination. Valuable lessons can be learned from the characters portrayed in this film, even from the antagonists. The movie all throughout illustrated how the elder people of India (in the story) make themselves prisoner to the expectations and high regard of others. They pass on this burden to their children who had to sacrifice their passions, happiness, and future.

Having watched the movie "Three Idiots", my perspectives about life changed and it also made me reflect on many aspects I haven't even considered before.

This movie teaches us moral lessons and the golden rules of life in a very light and entertaining way. It shows the importance of friendship and family relationships.

Choosing a career that fits you is a tough one. Our options may sometimes be limited to the courses that our parents have decided. All we need to do is to find courage and speak your heart out.

Most importantly, it teaches us the value of optimism. No matter how bad the situation may be, as long as you have a positive attitude towards everything in life, you
