Teaching, Learning and Scaffolding in CLIL Science Classrooms Yuen Yi Lo, Angel M.Y. Lin, 2021-05-15 This edited volume presents a collection of empirical studies examining the teaching and learning processes in science classrooms in Content and Language Integrated Learning CLIL contexts It is a timely contribution to the rapidly growing body of CLIL research in response to scholars consistent calls for more classroom based research on the issues in integration of content and language teaching in lessons With the dual goal of content and language learning students in CLIL programmes are also facing double challenges mastery of abstract cognitively demanding content knowledge and unfamiliar academic language Focusing on the notion of scaffolding this edited volume demonstrates how science teachers can provide appropriate and timely scaffolding for their students to overcome the challenges in CLIL science classrooms With studies from different educational settings Hong Kong Mainland China Singapore and Australia and epistemological paradigms and adopting a variety of research designs this volume will provide key insights into CLIL pedagogy and teacher education Originally published as special issue of Journal of Immersion and Content Based Language Education 7 2 2019

Handbook of Research in Education Finance and Policy Helen F. Ladd, Margaret E. Goertz, 2014-12-17 Sponsored by the Association for Education Finance and Policy AEFPP the second edition of this groundbreaking handbook assembles in one place the existing research based knowledge in education finance and policy with particular attention to elementary and secondary education Chapters from the first edition have been fully updated and revised to reflect current developments new policies and recent research With new chapters on teacher evaluation alternatives to traditional public schooling and cost benefit analysis this volume provides a readily available current resource for anyone involved in education finance and policy The Handbook of Research in Education Finance and Policy traces the evolution of the field from its initial focus on school inputs and revenue sources used to finance these inputs to a focus on educational outcomes and the larger policies used to achieve

them Chapters show how decision making in school finance inevitably interacts with decisions about governance accountability equity privatization and other areas of education policy Because a full understanding of important contemporary issues requires inputs from a variety of perspectives the Handbook draws on contributors from a number of disciplines Although many of the chapters cover complex state of the art empirical research the authors explain key concepts in language that non specialists can understand This comprehensive balanced and accessible resource provides a wealth of factual information data and wisdom to help educators improve the quality of education in the United States
