Purpose

recognizes that our employees are our most valuable asset and the most important contributors to our continued growth and success. Our company is committed to reducing workplace accidents and providing a safe working environment for all employees. We value our workers not only as employees but also as human beings who are crucial to the success of their families, the local community and our company.

Motor vehicle accidents are the leading cause of work-related fatalities. The environment in which these accidents occur involves numerous complex factors, many of which are uncontrollable. The purpose of 's Fleet Safety program is to eliminate unnecessary injuries and fatal circumstances by reducing those factors that we can control.

To further this goal, our Company has developed a Fleet Safety Policy effective [insert effective date]. The Program will consist of six components: recruitment, job requirements, training, preventive maintenance, accident investigation and company vehicles for personal use. This policy applies to all candidates for employment as well as all current employees.

Recruitment:

focuses its initial efforts on driver selection through a variety of resources, beginning with the job application. The application will require a prospective employee to do the following:

- List past driving experience, employers, and types of vehicles driven.
- Notify [insert company name] of any motor vehicle violations for at least the last [insert number] years.
- List references.

Driver selection will be made upon completion of a formal interview, background check, reference verification, review of the individual's motor vehicle record (MVR) and a negative drug screen. Authorizations will be obtained to contact prior employers and personal references.

MVRs will be requested upon completion of a satisfactory interview and periodically thereafter at a minimum of at least once per year. Management reserves the right to use its discretion in determining an unsatisfactory MVR. An excessive number of violations in the past three years will be grounds for an unsatisfactory MVR prohibiting hiring of a prospective employee or possible termination and/or disciplinary actions of an active employee.

Drug/Alcohol Testing:

Initial and periodic random drug and alcohol testing is mandatory. Testing will be conducted by a licensed medical facility designated by [insert company name]. Any positive results will be grounds for termination. Driving under the influence of alcohol or any other illegal substances will be grounds for termination.

Job Requirements:

All positions requiring regular driving require a written job description to include main duties, functions and the necessary physical requirements required to perform all associated tasks:

- All prospective employees will be required to undergo a physical evaluation
- If required, candidates must pass a Department of Transportation (DOT) physical evaluation
- Results of the physical evaluation will be compared to the necessary physical requirements
- In some cases, Commercial Drivers Licenses are required per regulatory agencies.
