Congressional Record United States. Congress, 2014 **United States of America Congressional Record, Proceedings and Debates of the 113th Congress Second Session Volume 160 - Part 5 , Collecting for the Curriculum** Amy J. Catalano, 2015-09-28 If you re a librarian charged with collecting curriculum materials and children s literature to support the Common Core State Standards then this book the only one that offers explicit advice on collection development in curriculum collections is for you While there are many publications on the Common Core for school librarians and K 12 educators no such literature exists for curriculum librarians at the post secondary level This book fills that gap standing alone as a guide to collection development for curriculum librarians independent of the Common Core State Standards CCSS The book provides instruction and guidance to curriculum librarians who acquire and manage collections so you can develop a collection based on best practices The book begins with a primer on the CCSS and how curriculum librarians can support them Discussion of the Standards is then woven through chapters arranged by content area that share research based practices in curriculum development and instruction to guide you in curriculum selection Material types covered include games textbooks children s literature primary sources counseling and nonfiction Additional chapters cover the management of curriculum collections testing collections and instruction and reference as well as how to support and

collect for special needs learners Current practices in collection development for curriculum materials librarians are also reviewed The book closes with a discussion of the future of curriculum materials

Academic Standards in Higher Education Nicola Reimann,Ian Sadler,Jennifer Hill,2024-08-15 Academic standards in higher education are important but largely misunderstood This book examines the notion of academic standards explaining what they are and why they are important and identifying the many myths that surround them Based on the lessons learnt from the UK wide Degree Standards Project which developed piloted and evaluated a professional development course on degree standards aimed at external examiners the book offers practical suggestions for ways in which higher education staff can develop a more sophisticated understanding of standards It discusses the implications of rethinking academic standards for higher education policy and practice through examples and case studies derived from research evidence the Degree Standards Project and contributors own experience and expertise As a broader approach to assessment literacy this volume aims to develop readers standards literacy by challenging routine practices and proposing promising alternatives Written with a diverse readership in mind this book is relevant to discipline based academics quality officers academic developers university leaders and managers as well as policy makers
