Glamour A History Stephen Gundle

Geoffrey Jones

Glamour A History Stephen Gundle:

Glamour Stephen Gundle, 2008 Glamour is one of the most tantalizing and bewitching aspects of contemporary culture but also one of the most elusive The aura of celebrity the style of the fashion world the vanity of the rich and beautiful and the publicity driven rites of café society are all imbued with its irresistible magnetism But what exactly is glamour Where does it come from How old is it And can anyone quite capture its magic Stephen Gundle answers all these questions and more in this first ever history of the phenomenon from Paris in the tumultuous final decades of the eighteenth century through to Hollywood New York and Monte Carlo in the twentieth and twenty first centuries from Napoleon to Marlene Dietrich and Marilyn Monroe from Beau Brummell to Gianni Versace Throughout the book captures the excitement and sex appeal of glamour while exposing its mechanisms and exploring its sleazy and sometimes tragic underside As Gundle shows while glamour is exciting and magnetic its promise is ultimately an illusion that can only ever be partially fulfilled The Power of Glamour

Virginia Postrel, 2013-11-05 An exploration of glamour a potent cultural force that influences where people choose to live which careers to pursue where to invest and how to vote offers empowerment to be smarter about engaging with the world

A Cultural History of Hair in the Modern Age Geraldine Biddle-Perry, 2020-12-10 Over the last century there has been a revolution in self presentation and social attitudes towards hair Developments in mass manufacturing advances in chemical science and new understandings of bodies and minds have been embraced by new kinds of hairdressers and their clientele and embodied in styles that reflect shifting ideals of what it is to be and to look modern The emergence of the ladies hairdressing salon the rise of the celebrity stylist the impact of Hollywood an expanding mass media and a new synergy between fashions in clothing and hairstyles have rippled out globally Fashions in hair styles and their representation have taken on new meanings as a way of resisting dominant social structures experimenting with social taboos and expressing a modern sense of self From the 1920s bob to the punk cut hair has continued to be deeply involved in society's larger issues Drawing on a wealth of visual textual and object sources and illustrated with 75 images **A Cultural History of Hair in the Modern Age** presents essays that explore how politics science religion fashion beauty the visual arts and popular culture have reshaped modern hair and its significance as an agent of social change A Contemporary History of Women's Sport, Part One

Jean Williams, 2014-04-24 This book is an historical survey of women's sport from 1850-1960 It looks at some of the more recent methodological approaches to writing sports history and raises questions about how the history of women's sport has so far been shaped by academic writers Questions explored in this text include What are the fresh perspectives and newly available sources for the historian of women's sport How do these take forward established debates on women's place in sporting culture and what novel approaches do they suggest How can our appreciation of fashion travel food and medical history be advanced by looking at women's involvement in sport How can we use some of the current ideas and methodologies in the recent literature on the history and sociology of sport in order to look afresh at women's participation

Jean Williams's original research on these topics and more will be a useful resource for scholars in the fields of sports women's studies history and sociology

Luxury Peter McNeil, Giorgio Riello, 2016-05-19 We live in a world obsessed by luxury Long distance airlines compete to offer first class sleeping experiences and hotels recommend exclusive suites where you are never disturbed Luxury is a rapidly changing global industry that makes the headlines daily in our newspapers and on the internet More than ever luxury is a pervasive presence in the cultural and economic life of the West and increasingly too in the emerging super economies of Asia and Latin America Yet luxury is hardly a new phenomenon Today's obsession with luxury brands and services is just one of the many manifestations that luxury has assumed In the middle ages and the Renaissance for example luxury was linked to notions of magnificence and courtly splendour In the eighteenth century luxury was at the centre of philosophical debates over its role in shaping people's desires and oiling the wheels of commerce And it continues to morph today with the growth of the global super rich and increasing wealth polarization From palaces to penthouses from couture fashion to lavish jewellery from handbags to red wine from fast cars to easy money Peter McNeil and Giorgio Riello present the first ever global history of luxury from the Romans to the twenty first century a sparkling and ever changing story of extravagance excess novelty and indulgence

Playboys and Mayfair Men Angus McLaren, 2017-10-22 The shocking true story of a diamond theft gone wrong offers a fascinating glimpse at the cultural currents of 1930s London In December 1937 four young men all products of elite English schools lured a Cartier diamond salesman to the luxurious Hyde Park Hotel There the Mayfair men brutally bludgeoned the man and made off with eight rings that today would be worth approximately half a million pounds The press had a field day with the story playing to the public's insatiable appetite for news about upper crust rowdies and their unsavory pasts In *Playboys and Mayfair Men* Angus McLaren recounts the violent robbery and sensational trial that followed Using the case to explore the world of interwar London he sheds light on key social issues from masculinity and cultural decadence to broader anxieties about moral decay In his gripping depiction of Mayfair's celebrity high life McLaren describes the crime in detail as well as the police investigation the suspects their trial and the aftermath of their convictions

Sweet and Clean? Susan North, 2020-03-26 Sweet and Clean challenges the widely held beliefs on bathing and cleanliness in the past For over thirty years the work of the French historian George Vigarello has been hugely influential on early modern European social history describing an aversion to water and bathing and the use of linen underwear as the sole cleaning agent for the body However these concepts do not apply to early modern England Sweet and Clean analyses etiquette and medical literature revealing repeated recommendations to wash or bathe in order to clean the skin Clean linen was essential for propriety but advice from medical experts was contradictory Many doctors were convinced that it prevented the spread of contagious diseases but others recommended flannel for undergarments and a few thought changing a fever patient's linens was dangerous The methodology of material culture helps determine if and how this advice was practiced Evidence from inventories household

accounts and manuals and surviving linen garments tracks underwear through its life cycle of production making wearing laundering and final recycling Although the material culture of washing bodies is much sparser other sources such as the Old Bailey records paint a more accurate picture of cleanliness in early modern England than has been previously described The contrasting analyses of linen and bodies reveal what histories material culture best serves Finally what of the diseases plague smallpox and typhus that cleanliness of body and clothes were thought to prevent Did following early modern medical advice protect people from these illnesses Gatsby Bob Batchelor,2013-11-07 In 1925 F Scott Fitzgerald produced his third novel

a slim work for which he had high expectations Despite such hopes the novel received mixed reviews and lackluster sales Over the decades however the reputation of The Great Gatsby has grown and millions of copies have been sold One of the bestselling novels of all time it is also considered one of the most significant achievements in twentieth century fiction But what makes Gatsby great Why do we still care about this book more than eighty five years after it was published And how does Gatsby help us make sense of our own lives and times In Gatsby The Cultural History of the Great American Novel Bob Batchelor explores the birth life and enduring influence of The Great Gatsby from the book s publication in 1925 through today s headlines filled with celebrity intrigue corporate greed and a roller coaster economy A cultural historian Batchelor explains why and how the novel has become part of the fiber of the American ethos and an important tool in helping readers to better comprehend their lives and the broader world around them A biography of F Scott Fitzgerald s masterpiece this book examines The Great Gatsby s evolution from a nearly forgotten 1920s time capsule to a revered cultural touchstone Batchelor explores how this embodiment of the American Dream has become an iconic part of our national folklore how the central themes and ideas emerging from the book from the fulfillment of the American Dream to the role of wealth in society resonate with contemporary readers who struggle with similar uncertainties today By exploring the timeless elements of reinvention romanticism and relentless pursuit of the unattainable Batchelor confirms the novel s status as The Great American Novel and more importantly explains to students scholars and fans alike what makes Gatsby so great **The**

Beau Monde Hannah Greig,2013-09-26 The story of the world s first fashion obsessed society in 18th century London Caricatured for extravagance vanity glamorous celebrity and all too often embroiled in scandal and gossip 18th century London s fashionable society had a well deserved reputation for frivolity But to be fashionable in 1700s London meant more than simply being well dressed Fashion denoted membership of a new type of society the beau monde a world where status was no longer determined by coronets and countryseats alone but by the more nebulous qualification of metropolitan fashion Conspicuous consumption and display were crucial the right address the right dinner guests the right possessions the right jewels the right seat at the opera The Beau Monde leads us on a tour of this exciting new world from court and parliament to London s parks pleasure grounds and private homes From brash displays of diamond jewellery to the subtle complexities of political intrigue we see how membership of the new elite was won maintained and sometimes lost On the way we meet a

rich and colourful cast of characters from the newly ennobled peer learning the ropes and the imposter trying to gain entry by means of clever fakery to the exile banned for sexual indiscretion Above all as the story unfolds we learn that being a Fashionable was about far more than simply being modish By the end of the century it had become nothing less than the key to power and exclusivity in a changed world

Entrepreneurship and Multinationals Geoffrey Jones, 2013 Harvard Business School Professor Geoffrey Jones has long been a student of the history of multinational enterprise He has taken a leadership role in the field This volume reflects the extraordinary breadth of his historical research spanning continents and industries His focus is on the firm as an actor on the stage of the history of globalization This book contains a selection of his unpublished and published articles Of special interest is his updated previously unpublished 2006 talk that explores how firms and entrepreneurs fit into the scholarly debates on the Great Divergence between the West and the Rest This is a splendid collection Mira Wilkins Florida International University US This fascinating volume explores the roles played by entrepreneurship and multinational enterprises in the development of the modern global world Through a combination of new and previously published essays charting business developments from the nineteenth century onward the author demonstrates how multinational corporations have driven globalization through the transfer of innovation and cultural values The selected essays cover a range of topics including studies of global industries and major corporations including Beiersdorf and Unilever Additional chapters explore economic and corporate development in specific countries such as India Iran and Turkey Merging rich historical evidence with discussion of the current state of global business this book reveals how examining entrepreneurial activity and multinational strategies deepen explanations of global patterns of wealth and poverty It offers compelling new perspectives on current debates about globalization from one of the most prominent scholars in the field of business history This volume will appeal to students and professors of economics entrepreneurship international business and history as well as anyone with an interest in understanding the past present and future of globalization
