BY THE AUTHOR

Are you confident that the food you serve is safe?

You can be certain as long as you understand what you are doing through applying standard food practices in the kitchen and your own good food sense and then your kitchen's management and staff are good hygienic.

Nothing is better than good food and it is better to have good food and hygiene in the kitchen than to have good food and poor hygiene.

Good food, hygiene and safety is a permanent provision in your kitchen. HACCP principles
