Human Foundations Of Management Understanding The Homo Humanus:

Human Foundations of Management D. Melé, C. Cantón, César González Cantón, 2014-11-30 Human Foundations of Management explores the human foundation of management and economic activity in a way that is accessible to readers The structure and contents of this book examines those aspects of the human being which are relevant to management and economic activities

Alternative Theories of the Firm Michael Pierson, David M. Wasieleski, Erica L. Steckler, 2021-12-28 The Theory of the Firm is commonly viewed as axiomatic by business school academicians Considerations in spanning organizational structures their boundaries and roles as well as business strategies all relate to the Theory of the Firm The dominant Theory of the Firm poses that markets act perfectly to maximize the well being of society when people act to maximize the personal utility of their individual purchases and firms act to maximize financial returns to their owners However burgeoning evidence and discourse across the scientific and policy communities suggests that the economic social and environmental consequences of accepting and applying this theory in the organization of business and society threaten the survival of the human species among countless others This book provides the latest thinking on alternatives to the Theory of the Firm as cornerstone of managerial decision making Authors explore and elucidate theories that help us understand a firm differently and suggest alternatives to the Theory of the Firm This book will be of value to researchers academics practitioners and students interested in leadership strategic management and the intersection of corporate interests and the well being of the society

People and Organizations Valeria Caggiano, Antonio Ragusa, Ema Di Petrillo, 2024-07-08 In today's world where the pursuit of profit often takes precedence over the well being of people and the planet humanistic management offers a refreshing and much needed alternative This book explores the concept of humanistic management as a model for organisations that emphasises individual freedom dignity and ethics and presents practical approaches and challenges for implementing it The author provides a comprehensive overview of the humanistic management approach exploring its values and principles as well as the benefits it can bring to companies employees and society as a whole Through a combination of theory and case studies the book offers insights into the cultural and behavioural changes required for organisations to adopt a humanistic approach to management The book illustrates didactic experiments social and territorial conjunctures intellectual and moral postures Whether you are a business leader manager or management student this book is an essential guide for anyone who wants to create a more sustainable and socially responsible organisation With its clear and insightful analysis of humanistic management it is sure to inspire and inform readers of all backgrounds and lifestyles

Poff, 2022-05-03 This book provides new and original research on the purpose and functions of universities from the perspective of corporate social responsibility It addresses professional ethics questions that relate to universities as corporate citizens Divided into two sections the book starts out with an examination of the concept of universities It explores the differences between historic and contemporary universities the history and nature of university governance the role of higher education and the problem of domination and subjugation in a management context The second section looks at the faculty the students and the role of spirituality in the university and research It examines such themes as the nature of faculty and professors faculty as change agents diversity inclusivity and incivility academic integrity citizenship of students

and ethical responsibility of researchers The book calls on the expertise from both the fields of business and professional ethics and university management and leadership It approaches the subject from an interdisciplinary perspective The Ethics of Disruption in Business Stephanie Ann Puen,2024-11-05 Disruption is a buzzword for many economists and businesses but how do we ethically disrupt the way we do business and economics in order to lift people up This book offers resources from a conversation between Catholic social thought and design thinking in response to the question Drawing from the understanding of structures of sin and structures of grace in Catholic social thought and the concepts of design thinking this book offers principles to consider in trying to disrupt our business and economic systems toward becoming more like structures of grace **Mistakes, Errors and Failures across Cultures** Elisabeth Vanderheiden,Claude-Hélène Mayer,2020-03-14 This volume provides comprehensible strength based perspectives on contemporary research and practice related to navigating mistakes errors and failures across cultures It addresses these concepts across cultural contexts and explores any or all of these three concepts from a positive psychology or positive organisational perspective highlighting their potential as resources The volume further discusses the consequences of errors and failures at individual organisational and societal levels ranging from severe personal problems to organisational and collective crises perspectives how those can be turned into opportunities for contingent and sustainable improvement processes The book shows that there are significant cultural differences in the understanding interpretation and handling of errors and failures This volume provides practical guidance for transcultural understanding of mistakes errors and failure through new models ideas for self reflection therapeutic and counselling interventions and organisational change management processes This book is a must for researchers and practitioners working on mistakes errors and failures across cultures and disciplines Encyclopedia of Business and Professional Ethics Deborah C Poff,Alex C. Michalos,2023-05-24 This encyclopedia edited by the past editors and founder of the Journal of Business Ethics is the only reference work dedicated entirely to business and professional ethics Containing over 2000 entries this multi volume major research reference work provides a broad based disciplinary and interdisciplinary approach to all of the key topics in the field The encyclopedia draws on three interdisciplinary and overlapping fields business ethics professional ethics and applied ethics although the main focus is on business ethics The breadth of scope of this work draws upon the expertise of human and social scientists as well as that of professionals and scientists in varying fields This work has come to fruition by making use of the expert academic input from the extraordinarily rich population of current and past editorial board members and section editors of and contributors to the Journal of Business Ethics *Managing the Post-Colony South Asia Focus* Nimruji Jammulamadaka,Shoaib Ul-Haq,2022-08-18 This edited book on South Asia is part of the book series Managing the Post colony This series is co edited by Nimruji Jammulamadaka and Gavin Jack and is focused on managing and organising within the historical and contemporary structures of colonization and imperialism within and across nation states and social domains especially the

economic and the cultural domain This edited book on South Asia is committed to a presentation of indigenous understandings and knowledge around the organizing religion language and cultural production through the lens of anti post and de colonial thought This book forces the reader to consider not just what we know but how and where we know and can be instrumental in identifying and challenging dominant modes of management knowledge production The decolonial movement is closely associated with scholars like Walter Mignolo Anibal Quijano and others who expose how Western rationality and science emanating from the enlightenment project are being used by colonial powers to consolidate their imperial projects The authors in this book argue that a potent form of colonization is epistemic in nature This book series seeks to present cutting edge critical interdisciplinary and geographically and culturally diverse perspectives on the contemporary nature experience and theorization of managing and organizing in post colonial location under conditions of coloniality These conditions subsume ongoing and new forms of colonisation imperialism and complex resistances to them and lives lived outside them and may be drawn out and investigated in regard to a multiplicity of different business and management related topics The power of domination is its ability to silence other ways of knowing being and doing Focus on South Asia Ways of Managing Organising and Living delivers a profound critique of Western management theory and its universalistic claims But it goes much further to advance other managements and ways of organising from the peoples and communities of South Asia Stella M Nkomo University of Pretoria South Africa I like very much the orientation and the composition of the volume you have a the meaning of management in the West changed after the Industrial revolution and by 1900 became a political issue domestically in the US and before that colonial as you show in the colonial context of South Asia b so the constitution of the settler management as you show with McCauley destituted all existing local form of organizing their praxis of living c the task now is the reconstitution of the destituted the pluriversal human and animals too self organization subjected to Western regulations to their own benefit while materializing their rhetoric of racial destitution incapable of organizing like us impossible for them to be like us we have to teach them civilization etc Walter Mignolo William H Wannamaker Professor of Literature and Romance Studies at Duke University USA Very Impressive and Much Needed Pushkala Prasad Zankel Chair Professor Skidmore College Love First Lloyd E. Sandelands, 2017-07-12 The study of man today is divided in three ways that it should not be between the humanities and the social sciences between natural and metaphysical philosophy and between faith and reason This book bridges these three divides to build toward an integrated understanding of human being that begins with the revealed truths of Christian faith Because its humanism draws upon diverse fields of art anthropology psychology philosophy and theology the book should be of interest to scholars and students of all kinds And because its humanism is all about us the book should interest be of interest to anyone who happens to be human **Business Ethics in Action** Domènec Melé, 2019-10-25 This comprehensive textbook packed with international cases places individual human action at the heart of ethical business arguing that business ethics guides human
