Life is a journey that is full of obstacles However in many Essay

Life is a journey that is full of obstacles. However, in many films or even on Television life is oftentimes depicted without real world struggles. Most people would detest having to go through struggles because it is not enjoyable. However, those struggles build one's character and fortifies a society to strive towards a better future.

In today's society, the different struggles have united those oppressed individuals to strive to change the status quo. For example, a recent turning point in society has been the rise of feminism. This notion of equality and the lack of equality towards the female gender has reached a turning point among American society. This demonstrates how society viewed women. Not only was this a mentality in Cisneros family but, it was also a concept that was ingrained in the mind of society. Men were thought of superior then women and women were treated as such. That is why what we see women being able to reach today is a turning point towards the goal of equality for feminist. It is a struggle that is still being fought but, a fight that has reached its turning point in today's society.

Brenda Combs is another example of life with struggles. In the "Class Act" by Kenneth Miller. He summarizes about Combs life from being a homeless drug addict on to becoming an award-winning teacher. There are times in someone's life that we ask God for guidance and signs. Miller states this plight situation when a homeless man stole Combs sh
