Mating Season of the Merman Moxie Morrigan, In this sequel to Mating Season of the Dragons wildlife researcher Bambi is visiting a tropical isle during her winter months when she hears enticing rumors about some special natives indeed mermen and mermaids lived there at one time Upon finding one she learns why such creatures were so irresistible to lonely sailors as his hypnotic voice drives her wild Will Bambi once more be unable to resist getting way too close to her research This story is 3 024 words long and contains scenes intended for a mature audience The creature s eyebrows went up slightly and he smiled at her gestures Just that alone was enough to make her melt He was gorgeous The generous lips parted and she got a glance of strong sharp looking teeth Despite his somewhat human upper half she had to assume they were somewhat predatory Fish shellfish that sort of thing Damn She wished she could ask him questions He spoke and Bambi didn t understand a word She actually found herself holding her breath It almost hit her like a physical force a ripple of sudden pleasure washing over her as he formed words some vibration of it rippling through her body like a shockwave She had never sensed anything like it before almost like a perfect musical note in every word and phrase Her eyes halfway lidded as a spark of heat flashed between her legs She almost squirmed in place She was left staring at him for a moment trying to understand it No wonder mermaids were known to drive sailors mad with their voices alone with their calls The vibrations released dopamine she was guessing some perfect cocktail of hormones and enzymes Holy shit Bambi found herself muttering out loud That s quite a uh name you have there She was still stunned trying to wrap her mind around what had just happened the sudden arousal flickering to life inside of her He smiled at her now seeming a little sly satisfied with himself as she struggled to right her thoughts He had managed to wreck her with mere words Who else could make that claim He ducked his head for a moment possibly drawing water through his lungs before he was hauling himself onto the rock next to her revealing the strange combination of his body Scales reached all the way up to his hips glistening wetly a perfect true blue with green edging to each little hard triangle The tail was long almost serpentine and Bambi was reaching down to feel the curve of his hip the powerful flex of his muscles He wasn t slimy at all not like an actual fish Once more he reminded her more of a serpent He curled on his side facing her that long tail lazily dipping off the side of the rock He just smiled at her enthusiasm possibly seeing her as childish but she didn t care This was too perfect to pass up even if the merman she found was a bit of a little showoff

Praise for Terry W. Ervin II and First Civilization's Legacy Blood Sword is a tremendous installment in one of the most inventive and compelling fantasy sagas I have read in years. Stephen Zimmer, author of the Fires in Eden Series and The Rising Dawn Saga. Blood Sword continues the adventures started in Flank Hawk in which Ervin created a unique and detailed post-apocalyptic world where magic works but ancient technologies from the First Civilization, our world, still exist. A worthy successor to the original novel, packed with action and entertainment. Jim Bernheimer, author of the Dead Eye series and Confessions of a D-List Supervillain. Worse yet, a wounded prince tasks Krish to find the fabled Colonel of the West and barter the royal family's malevolent Blood Sword for a weapon to thwart the Necromancer King's victory. *Flank Hawk* is set in the distant future where magic exists and brutish ogres are more than a child's nightmare. Four years ago I was an ordinary girl with a privileged life. After killing the only family I have left, they call this my penance. As I watch the man they call a monster from underneath my lashes, the handcuffs burn on my wrist. The orange jumpsuit makes sweat drip down my ample bosom as he growls at me. Mate, he roars. The others around us freeze as we are led in line. His eyes never leave me as he gives orders while others call him Alpha. With a snap of his fingers, I watch as one of his men shreds himself apart to turn into a hideous beast. As I meet his golden gaze and my

world starts to tilt only one thing is clear I just became the prisoner of a monster Xander When I imagined my mate I saw a woman of strength and great beauty When I met her eyes for the first time she wasn't in chains She wasn't a prisoner facing persecution for a crime I find the sweet scent of her to be contradicting The way my cock hardens behind my robe as she looks at me from underneath her lashes lets me know that she is a very bad girl indeed In that moment I decided since I always bring out the best in people this time I want to bring out the worst      *The Prosthetic Arts of Moby-Dick* David Haven Blake,2024-12-13 The Prosthetic Arts of Moby Dick offers the first book length study of how physical disability shapes one of the world's most iconic novels Rather than see Ahab's lost limb as a deficiency however it explores the way that his prosthesis becomes both a means to power and a key figure for understanding the role that Islamic cultures play in the novel's plot and form      **Surrendering to the Sea Lord: A Merman Shifter Fated Mates Romance Novel** Starla
