Farewell to Visual Studies James Elkins, Gustav Frank, Sunil Manghani, 2015-10-28 Each of the five volumes in the Stone Art Theory Institutes series brings together a range of scholars who are not always directly familiar with one another s work The outcome of each of these convergences is an extensive and unpredictable conversation on knotty and provocative issues about art This fifth and final volume in the series focuses on the identity nature and future of visual studies discussing critical questions about its history objects and methods The contributors question the canon of literature of visual studies and the place of visual studies with relation to theories of vision visuality epistemology politics and art history giving voice to a variety of inter and transdisciplinary perspectives Rather than dismissing visual studies as its provocative title might suggest this volume aims to engage a critical discussion of the state of visual studies today how it might move forward and what it might leave behind to evolve in productive ways The contributors are Emmanuel Alloa Nell Andrew Linda B ez Rub Martin A Berger Hans Dam Christensen Isabelle Decobecq Bernhard J Dotzler Johanna Drucker James Elkins Michele Emmer Yolaine Escande Gustav Frank Theodore Gracyk Asbj rn Gr nstad Stephan G nzel Charles W Haxthausen Miguel Hern ndez Navarro Tom Holert K van K l n Charlotte Klonk Tirza True Latimer Mark Linder Sunil Manghani Anna Notaro Julia Orell Mark Reinhardt Vanessa R Schwartz Bernd Stiegler yvind V gnes Sjoukje van der Meulen Terri Weissman Lisa Zaher and Marta Zarzycka

Art History and Visual Studies in Europe, 2012-06-22 Reflection on the history and practice of art history has long been a major topic of research and scholarship and this volume builds on this tradition by offering a critical survey of many of the major developments in the contemporary discipline such as the impact of digital technologies the rise of visual studies or new initiatives in conservation theory and

practice Alongside these methodological issues this book addresses the mostly neglected question of the impact of national contexts on the development of the discipline Taking a wide range of case studies this book examines the impact of the specific national political institutional and ideological demands on the practice of art history The result is an account that both draws out common features and also highlights the differences and the plurality of practices that together constitute art history as a discipline

The Ashgate Research Companion to Popular Culture in Early Modern England Andrew Hadfield,Matthew Dimmock,Abigail Shinn,2016-03-23 The Ashgate Research Companion to Popular Culture in Early Modern England is a comprehensive interdisciplinary examination of current research on popular culture in the early modern era For the first time a detailed yet wide ranging consideration of the breadth and scope of early modern popular culture in England is collected in one volume highlighting the interplay of low and high modes of cultural production while also questioning the validity of such terminology The authors examine how popular culture impacted upon people s everyday lives during the period helping to define how individuals and groups experienced the world Issues as disparate as popular reading cultures games food and drink time textiles religious belief and superstition and the function of festivals and rituals are discussed This research companion will be an essential resource for scholars and students of early modern history and culture

Theorizing Visual Studies James Elkins,2013 This forward thinking collection brings together over sixty essays that invoke images to summon interpret and argue with visual studies and its neighboring fields such as art history media studies visual anthropology critical theory cultural studies and aesthetics The product of a multi year collaboration between graduate students from around the world spearheaded by James Elkins this one of a kind anthology is a truly international interdisciplinary point of entry into cutting edge visual studies research The book is fluid in relation to disciplines it is frequently inventive in relation to guiding theories it is unpredictable in its allegiance and interest in the past of the discipline reflecting the ongoing growth of visual studies

New Directions in Social and Cultural History Sasha Handley,Rohan McWilliam,Lucy Noakes,2018-02-22 What does it mean to be a social and cultural historian today In the wake of the cultural turn and in an age of digital and public history what challenges and opportunities await historians in the early 21st century In this exciting new text leading historians reflect on key developments in their fields and argue for a range of new directions in social and cultural history Focusing on emerging areas of historical research such as the history of the emotions and environmental history New Directions in Social and Cultural History is an invaluable guide to the current and future state of the field The book is divided into three clear sections each with an editorial introduction and covering key thematic areas histories of the human the material world and challenges and provocations Each chapter in the collection provides an introduction to the key and recent developments in its specialist field with their authors then moving on to argue for what they see as particularly important shifts and interventions in the theory and methodology and suggest future developments New Directions in Social and Cultural History provides a comprehensive and insightful overview of this

burgeoning field which will be important reading for all students and scholars of social and cultural history and historiography

Becoming a Writing Researcher Ann Blakeslee, Cathy Fleischer, 2019-07-08 Becoming a Writing Researcher effectively guides students through the stages of conducting qualitative writing research from the initial step of seeing themselves as researchers to identifying research questions selecting appropriate methodological tools conducting the research and interpreting and reporting findings Exercises and activities as well as anecdotes and examples from both novice and seasoned researchers serve to acquaint readers thoroughly with the practice of carrying out research for scholarly or

professional purposes This second edition introduces students to research methods in a gradual and contextualized manner Each chapter offers a discussion of a particular portion of the research process followed by consideration of physical conceptual and strategic tools that allow a master s level researcher to conduct that part of the research Sections within each chapter also cover issues of stance and positionality that impact the researcher and the resulting research Becoming a Writing Researcher second edition is an essential text for all novice researchers and is particularly well suited for use in graduate level research methods courses in writing studies and technical communications It is also ideal for use in other disciplines with strong qualitative methodology research programs including education Cultural Turns Doris

Bachmann-Medick,2016-01-15 The contemporary fields of the study of culture the humanities and the social sciences are unfolding in a dynamic constellation of cultural turns This book provides a comprehensive overview of these theoretically and methodologically groundbreaking reorientations It discusses the value of the new focuses and their analytical categories for the work of a wide range of disciplines In addition to chapters on the interpretive performative reflexive postcolonial translational spatial and iconic turns it discusses emerging directions of research Drawing on a wealth of international research this book maps central topics and approaches in the study of culture and thus provides systematic impetus for changed disciplinary and transdisciplinary research in the humanities and beyond e g in the fields of sociology economics and the study of religion This work is the English translation by Adam Blauhut of an influential German book that has now been completely revised It is a stimulating example of a cross cultural translation between different theoretical cultures and also the first critical synthesis of cultural turns in the English speaking world **Images of Traumatic Memories** Anja

Meyer,2020-12-14 By employing the lens of the most recent critical studies on intermediality the author analyses the interaction between literature and photography in three contemporary hybrid novels Miss Peregrine s Home for Peculiar Children by Ransom Riggs 2011 Extremely Loud and Incredibly Close by Jonathan Safran Foer 2005 and The Dark Room by Rachel Seiffert 2001 sharing the narration of traumatic historical events The intermedial dimension realised by the confluence of the two media devices offers new ways to create meaning and to reflect upon the nature of collective and individual trauma by re enacting the distortion and the inaccessibility to the memories of those experiences In this context the reader emerges as an active participant in the process of fiction making as the act of reading becomes a renewed act of witnessing **Visual Communication** Giorgia Aiello,Katy Parry,2019-10-28 Visual Communication Understanding Images

in Media and Culture provides a theoretical and empirical toolkit to examine implications of mediated images It explores a range of approaches to visual analysis while also providing a hands on guide to applying methods to students own work The book Illustrates a range of perspectives from content analysis and semiotics to multimodal and critical discourse analysis Explores the centrality of images to issues of identity and representation politics and activism and commodities and consumption Brings theory to life with a host of original case studies from celebrity videos on Youtube and civil unrest on

Twitter to the lifestyle branding of Vice Media and Getty Images Shows students how to combine approaches and methods to best suit their own research questions and projects An invaluable guide to analysing contemporary media images this is essential reading for students and researchers of visual communication and visual culture **Research Methods for History** Simon Gunn,2011-11-30 Providing a lively critical survey of methods for historical research at all levels this textbook covers well established sources and methods together with those that are less widely known It reflects current theoretical and technical approaches to hist **Fashion, Performance, and Performativity** Andrea Kollnitz,Marco Pecorari,2021-11-18 In the first comprehensive study of the interactions between fashion performance and performativity a group of international experts explore fashion as the ideal complex space or in other words the ideal space where performance and performativity come together according to the works of seminal theorists Eve Kosofsky Sedgwick and Andrew Parker Bringing together western and non western historical and contemporary case studies and theories the book explores the magazines photography exhibitions global colonial divides digital media and more which have become key markers of the fashion industry as we know it today Using existing literature as a springboard and incorporating perspectives from fashion studies art history media studies and gender studies as well as from artists and practitioners Fashion Performance and Performativity is an innovative and essential work for students scholars and practitioners across multiple disciplines **The Other Air Force** Matt Sienkiewicz,2016-10-01 As it seeks to win the hearts and minds of citizens in the Muslim world the United States has poured millions of dollars into local television and radio programming hoping to generate pro American currents on Middle Eastern airwaves However as this fascinating new book shows the Middle Eastern media producers who rely on these funds are hardly puppets on an American string but instead contribute their own political and creative agendas while working within U S restrictions The Other Air Force gives readers a unique inside look at television and radio production in Afghanistan and the Palestinian territories from the isolated villages of the Afghan Panjshir Valley to the congested streets of Ramallah Communications scholar Matt Sienkiewicz explores how the U S takes a soft psy approach to its media efforts combining soft methods of encouraging entertainment programming such as adaptations of The Voice and The Apprentice with more militaristic psy ops approaches to information control Drawing from years of field research and interviews with everyone from millionaire executives to underpaid but ever resourceful cameramen Sienkiewicz considers the perspectives of the Afghan and Palestinian media workers trying to forge viable broadcasting businesses without straying outside American set boundaries for acceptable content As it carefully examines the interplay of U S military and economic might with the capacity for local ingenuity and resistance the book also analyzes the intriguingly complex programming that emerges from this tension Combining eyewitness reportage with cutting edge scholarship The Other Air Force reveals the remarkable creative output that can emerge even from the world s tensest conflict zones **Research Methods for History** Lucy Faire,2016-07-08 Historians have become increasingly sensitive to social and cultural theory since the 1980s

yet the actual methods by which research is carried out in History have been largely taken for granted Research Methods for History encourages those researching the past to think creatively about the wide range of methods currently in use to understand how these methods are used and what historical insights they can provide This updated new edition has been expanded to cover not only sources and methods that are well established in History such as archival research but also those that have developed recently such as the impact of digital history research The themes of the different chapters have been selected to reflect new trends in the subject including landscape studies material culture and ethics Every chapter presents new insights and perspectives and will open researchers minds to the expanding possibilities of historical research
