The contributions presented here will not only provide researchers, engineers and experts in a range of industrial engineering subfields with extensive information to support them in their daily work but will also stimulate new research directions, advanced applications of the methods discussed and future interdisciplinary collaborations.

10 years of Frontiers in Cell and Developmental Biology: Past Discoveries, Current Challenges and Future Perspectives Amanda Gay Fisher, 2025-08-18

In 2023, *Frontiers in Cell and Developmental Biology* celebrated its 10th anniversary, marking a decade of publishing cutting edge interdisciplinary research focused on the fundamental biological processes of life. This collection serves not only as a commemoration of the journal's 10th anniversary but also as a reflective medium on the state of the broad cell and developmental biology field since the journal's launch. Our Chief Editors along with selected members of the editorial board will offer their visions for the future, fostering a platform for discussion on both current and anticipated challenges. Launched in 2013, *Frontiers in Cell and Developmental Biology* has grown to encompass 16 specialties reflecting the broad diversity of research being conducted across the field. Each section is led by dedicated Specialty Chief Editors and supported by our esteemed Editorial Board of leading experts. *Frontiers* appreciates this opportunity to extend heartfelt gratitude and congratulations to our Editors both past and present for their invaluable contribution towards realizing the vision of Open Science and establishing the Journal's reputation. It is a legacy that we are excited to build upon as we step into the next decade of scientific discovery and dissemination. Please note: All contributing authors are current Chief Editors or nominated Editorial Board members of the Journal. Contributions to the collection are by invitation only.
