Misadventures In Childrearing English Edition:

Adult Supervision Required Markella B. Rutherford, 2011-08-03 *Adult Supervision Required* considers the contradictory ways in which contemporary American culture has imagined individual autonomy for parents and children. In many ways today's parents and children have more freedom than ever before. There is widespread respect for children's autonomy as distinct individuals and a broad range of parenting styles are flourishing. Yet it may also be fair to say that there is an unprecedented fear of children's and parents' freedom. Dread about Amber Alerts and stranger danger have put an end to the unsupervised outdoor play enjoyed by earlier generations of suburban kids. Similarly, fear of bad parenting has not only given rise to a cottage industry of advice books for anxious parents but has also granted state agencies greater power to police the family. Using popular parenting advice literature as a springboard for a broader sociological analysis of the American family, Markella B. Rutherford explores how our increasingly psychological conception of the family might be jeopardizing our appreciation for parents and children's public lives and civil liberties.

Act Natural Jennifer Traig, 2019-01-08 From a distinctive inimitable voice, a wickedly funny and fascinating romp through the strange and often contradictory history of Western parenting. Why do we read our kids fairy tales about homicidal stepparents? How did helicopter parenting develop if it used to be perfectly socially acceptable to abandon your children? Why do we encourage our babies to crawl if crawling won't help them learn to walk? These are just some of the questions that came to Jennifer Traig when exhausted, frazzled, and at sea after the birth of her two children, she began to interrogate the traditional parenting advice she'd been conditioned to accept at face value. The result is *Act Natural*, a hilarious and deft dissection of the history of Western parenting, written with the signature biting wit and deep insights Traig has become known for. Moving from ancient Rome to Puritan New England to the Dr. Spock craze of mid-century America, Traig cheerfully explores historic and present-day parenting techniques ranging from the misguided to the nonsensical to the truly horrifying. Be it childbirth, breastfeeding, or the ways in which we teach children how to sleep, walk, eat, and talk, she leaves no stone unturned in her quest for answers. Have our techniques actually evolved into something better? Or are we still just scrambling in the dark?

Irene Dunne Wes D. Gehring, 2006-06-15 This is the first full-length biography of Irene Dunne, one of the most versatile actresses of Hollywood's Golden Age. A recipient of the Kennedy Center Honors award in 1985, Dunne's acting highlights include five Best Actress Oscar nominations occurring in almost as many different genres: the Western *Cimarron* (1931), the two screwball comedies *Theodora Goes Wild* (1936) and *The Awful Truth* (1937), the romantic comedy *Love Affair* (1939), and the populist *I Remember Mama* (1948). Her other memorable films include *My Favorite Wife* (1940), *Penny Serenade* (1941), *Anna and the King of Siam* (1946), and *Life with Father* (1947). After delving into Dunne's childhood and early acting forays, the book reveals details about key events in her life and career, including a difficult bi-coastal marriage. The author also examines Dunne's pivotal roles on stage and in film, her movement among the genres of melodrama and screwball comedy, her ties to director Leo McCarey, and her post-war film career.

Gehring's research and insightful analysis shed light on what made Irene Dunne so unique and her performances so memorable. Includes 16 pages of photos

Of Good and Ill Repute Barbara A. Hanawalt, 1998 In eleven interrelated essays this text explores the roles that community, family, and society played in maintaining social control in medieval England. The essays focus on gender, criminal behaviour, law enforcement, and much more

Learning Without Lessons David F. Lancy, 2024-01-09 In *Learning Without Lessons* David F. Lancy offers the first attempt to review the principles and practices for fostering learning in children that are found in small-scale pre-industrial communities across the globe and through history. His analysis yields a consistent and coherent pedagogy that can be contrasted sharply with the taken-for-granted pedagogy found in the West. His analysis finds that teachers' classrooms lessons, verbal instruction, testing, grading, praise, and the use of symbols are rare or absent from indigenous pedagogy. Instead, field studies document the prevalence of self-guided learners who rely on observation, listening, learning in play from peers, the hands-on use of real tools, and learning through voluntary participation in everyday activities such as foraging

Family Life in 17th- and 18th-Century America James M. Volo, Dorothy Volo, 2005-12-30 Colonial America comes alive in this depiction of the daily lives of families: mothers, fathers, children, and grandparents. The Volo's examine the role of the family in society and typical family life in 17th and 18th-century America. Through narrative chapters, aspects of family life are discussed in depth, such as maintaining the household, work, entertainment, death and dying, ceremonies, and holidays, customs, and rites of passage, parenting, education, and widowhood. Readers will gain an in-depth understanding of the world in which these families lived and how that world affected their lives. Also included are sources for further information and a timeline of historic events. Volumes in the *Family Life through History* series focus on the day-to-day lives and roles of families throughout history. The roles of all family members are defined, and information on daily family life, the role of the family in society, and the ever-changing definition of family are discussed. Discussion of the nuclear family, single-parent homes, foster and adoptive families, stepfamilies, and gay and lesbian families are included where appropriate. Topics such as meal planning, homes, entertainment, and celebrations are discussed along with larger social issues that originate in the home, such as domestic violence, child abuse, and neglect and divorce. Ideal for students and general readers alike, books in this series bring the history of everyday people to life

Youth and Empire David M. Pomfret, 2015-12-16 This is the first study of its kind to provide such a broadly comparative and in-depth analysis of children and empire. *Youth and Empire* brings to light new research and new interpretations on two relatively neglected fields of study: the history of imperialism in East and South East Asia and, more pointedly, the influence of childhood and children's voices on modern empires. By utilizing a diverse range of unpublished source materials drawn from three different continents, David M. Pomfret examines the emergence of children and childhood as a central historical force in the global history of empire in the late nineteenth and twentieth centuries. This book is unusual in its scope, extending across the two empires of Britain and France and to points of intense impact in tropical places where indigenous, immigrant, and

foreign cultures mixed Hong Kong Singapore Saigon and Hanoi It thereby shows how childhood was crucial to definitions of race and thus European authority in these parts of the world By examining the various contradictory and overlapping meanings of childhood in colonial Asia Pomfret is able to provide new and often surprising readings of a set of problems that continue to trouble our contemporary world
