Hoffman, 2021-03-15 Faith Physics is a new Theory of Everything ToE combining ancient spiritual wisdom and modern quantum physics findings to deliver a belief system that is both intellectually sound and spiritually satisfying It maintains an ineffable Supreme Consciousness is the catalyst of all material creation as a great thought through pure white light in zero point morphogenetic quantum fields Faith Physics claims that consciousness is the cornerstone of base reality existing in a timeless state of now By using the natural cause and effect laws of classical physics the uncertainty principle of quantum mechanics and dark matter energy Faith Physics posits pure consciousness manifests physical creation in a remarkable myriad of forms In the wave particle duality paradigm revealed by quantum mechanics conscious observation transforms light energy into particulate physical matter as condensed or frozen light in accordance with Albert Einstein's famous  $E=mc^2$  equation Faith Physics teaches us we exist and thrive in a unified participatory universe emanating from an eternal Supreme Consciousness source and we are not just a product of random chance evolution In the 21st century religion and science are reaching an enlightened consensus that pure metaphysical consciousness is perpetually painting a picture on the space time continuum canvas depicting a miraculous cycle of physical creation entropy and cosmic rebirth *Not! Panepinto, 2024-06-01 Getting stuck in life happens Whether you have a vision for your future or feel aimless everyone gets stuck sometimes And it can happen more

than once Living authentically presents problems and sometimes we create them without knowing If you don't know why you can't let go or move ahead you'll stay stuck You'll remain on the not so merry go round of stuckness waiting for answers To move forward you have to ask the right questions Not Another Self Help Book is truly not another self help book Written as a conversation you wish you had or didn't realize you needed to have you'll engage in topics everyone needs to explore and make sense of Talks we'd have if we would slow down the busyness of life Getting stuck and staying stuck has become a way of life for an increasing number of individuals and families The rising numbers of anxiety depression and hopelessness shine a light on this problem We treat the symptoms but fail to address the core issues How much longer can we carry on this way A common mindset lurks beneath these problems a pervasive and powerful belief system influencing every aspect of our lives Like fish in water we move and breathe in this mindset without knowing spaces exist above the surface If you follow the scripts of this mindset you end up chasing what you think is important only to find it isn't the thing once you get there The chase begins again Each chapter of Not Another Self Help Book guides you through this cultural mindset to the core of growth and development and a different way of being in the world The concepts and tools help you to ask the right questions Questions that open the doors and lead through confusion and uncertainty When you ask the right questions you will discover the answers you've been waiting for From the inside out you develop a mindset that works for you and not against you You create a vision of your future from the heart of what matters most to you and those who matter most Not Another Self Help Book provides the substance and direction to get unstuck and confidently move forward The foundation you build holds even if you get stuck again on your journey Whenever you need to you can rely on these life affirming ideas and get back on track And you may not ever need another self help book      *The Answer: Thoughts are Things* Marion Collin, 2015-08-26 Thoughts are Things Is Life part of an Eternal Plan Yes Is your Life already planned out No Your own Mind and Mindfulness attracts Life to you Give yourself time to reflect on events in your life up to today Have things gone pretty much as you expected them to be with both successes and low points Now what if you came to realize that what you were or were not thinking influenced what you experienced Would that be a shock to you You are meant to Plan your life and your own reality The Plan for thousands of years for humankind has been to do exactly that Plan your own future through focused Thought and the Power of your Brain People today are on the cusp of learning that there is an Internal Power a Divinity within each of us to discover The Kingdom is Within You and All Around You To create a positive reality for yourself you must learn the capability of your own brain to focus your Conscious mind to connect with your Subconscious Power and the Universal Mind Harnessing this knowledge will attract to you the reality that you want to experience in this lifetime The Answer has been part of The Eternal Plan since the beginning of the universe We haven't been Seeking Knowledge in the right places Humanity's true potential is to create the lives we desire and the Pathway has been in front of us all along Thoughts are Powerful Things [www.askbelievereceive.ca](http://www.askbelievereceive.ca)      *The Physics of Heaven* Judy Franklin, Elyn Davis, 2015-09-15 Some of the most influential and

Joseph E. Donlan, 2021-06-06 Many people believe in the power of positive thinking i.e. how thoughts and attitude can shape their future yet despite a plethora of books on this subject no previous author has credibly explained how mere thoughts are able to tangibly influence future events To explain the connection Dr Donlan presents a new paradigm of nature coupled with a viable explanation of how our right cerebral hemisphere has evolved circuitry that can tap into the hidden domain of the metaphysical To support this premise he exposes the reader to the worlds of physics metaphysics brain architecture and evolution Donlan then introduces the many problems associated with the current model and contrasts it with a new view which remedies many of the issues facing theoretical physicists today Important to its central theme the book's proposed paradigm supports the remarkable notion that the future can only be created with thoughts In the final analysis the author brings his readers through the necessary steps to put this knowledge to work to help them pre ordain their own realities
