*Being All Equal* Judith Kapferer, 2020-08-18 Is there such a thing as an Australian national identity Or is Australia just a melting pot of different peoples and cultures without a common culture What is distinctive and what is universal about everyday life in Australia In a post colonial age of globalizing economies the political quest for national identity is increasingly urgent This topical book traces the ways in which the Australian state and its people struggle to represent the social and cultural practices of everyday life in an attempt to draw meaning from diverse understandings of pasts presents and futures Class gender and ethnicity are shown to underpin this

popular debate fuelled by shifting interpretations of egalitarianism and individualism The author a prominent Australian sociologist investigates how a nation s identity is created through its folk heroes and folk festivals civic and domestic architecture education politics and art Ned Kelly Parliament House the Melbourne Cup and the Adelaide Grand Prix are all interrogated for the light they shed on Australian ideologies and institutions This book will be fascinating reading for those who seek a deeper understanding of how a national identity can be moulded and redefined **What Will Be Worn** Melissa Fagan,2018-09-01 Sometimes it seems the most invaluable stories can be found in the unlikeliest of corners For all who know Brisbane McWhirters a once celebrated department store in Fortitude Valley is an icon For Melissa Fagan it is also the starting point for this remarkable exploration of her mother and grandmother s lives and a poignant reminder of the ways in which retail stores and fashion have connected women s lives across decades Behind the dusty shop counters of an Art Deco treasure Fagan discovers both what has been lost and continues to shine Ultimately this tender exploration of self and family so exquisitely written speaks of the ways in which life so often surprises us and of how the legacies of others can truly enrich our own relationships and lives I raced through What Will Be Worn It s moving and alive funny and tender It is also a rigorous examination of the ways in which women shroud ourselves figuratively and literally I especially loved Melissa s portrait of her mother the lost princess of Brisbane A very fine book Susan Johnson author of The Landing With delicacy flair and an ever questioning but never judgmental eye Fagan performs beautifully the dance of writing history slipping seamlessly back and forth between what is known and what must be imagined Peggy Frew author of Hope Farm It s rare to find a book that so warmly and intelligently takes on themes such as the ways in which fashion links women across generations the glamour and downfall of the department store and the bonds between mothers and daughters Melissa Fagan s What Will Be Worn transcends the local with aplomb It s a loving and searching portrait of what we inherit from our families It reminds me of Edmund de Waal s The Hare with Amber Eyes and Helen Garner s investigative and self questioning writing style Barry Scott Co publisher at Transit Lounge Aussie, Australians at Play Phil Jarratt,1984

hint of diesel oil on the surface I could see all the colours of the rainbow we were not there just to catch fish but to dream This is the story of my childhood in Ballina in the 1950s Packed with adventure on the bustling Richmond River filled with fascination for my father's medical practice despite its intrusion into our family life and enriched by his enquiring scholarly mind these years offered a way of life that I loved and that exists no longer Book Review Roger KA Allen has written a beautiful and fascinating memoir about his family and childhood growing up in Australia in the 1950s The son of a unique country doctor and a nurse Allen touchingly chronicles his life in Australia from the time that his mother was pregnant with him to his ninth birthday He describes how his father's restlessness drove us into the wilderness like the Israelites in search of that promise of a land of milk and honey which his family found in Ballina New South Wales where his father bought a local doctor's practice The author's observations and accounts are very telling of the place and time that he grew up from the descriptions surrounding his father's medical practice to the medical profession in general and the practice of frontal lobotomy or the horrors of shock therapy to the introduction of television which had most Australians more educated about American culture and politics than their own Allen also brings to light the similarities between the way the Australians and Americans treated the real first settlers to both those countries recounting the history of racism and atrocities against the Aboriginal people and the imaginary games of Explorers versus Aborigines and Cowboys and Indians Throughout the book Allen places the events of his childhood Australia in context with world events effectively comparing and contrasting just how similar and different his own experiences and struggles were compared to those of people in other countries Allen's characters are human and real filled with strengths and flaws with all their prejudices love and hate from his father who is so devoted to his profession to his mother's relentless loyalty to her family to the residents of the town and the people he meets on his travels Allen's story captures the wide range of boyhood emotions We see joys of his childhood expressed in humorous accounts like his father battling with crabs that are doing their best to avoid the final trip on the tumbrels to the final hell of the execution pot He evokes a young boy's wonder in the description of the aftermath of a flood which lends itself to a great exploration of the insects shrimp and frogs that have surfaced The author evinces the humor of the sex education offered by the literary delights at the local barber and the heartbreak of childhood lessons when he describes a touring marionette company's performance about a little Aboriginal boy who befriends a baby wombat But in the end the boy had to leave them all to return to the world of humans as if this mortal life always has to have a sad ending Ballina Boy is a childhood account brought to life in a rich tapestry of anecdotes stories culture and history lessons a highly recommended read Maya Fleischmann [Counting One's Blessings](#) William Shawcross, 2012-11-27 William Shawcross's official biography of Queen Elizabeth the Queen Mother published in September 2009 was a huge critical and commercial success One of the great revelations of the book was Queen Elizabeth's insightful witty private correspondence Indeed The Sunday Times described her letters as wonderful brimful of liveliness and irreverence steeliness and sweetness Now in Counting One's Blessings

Shawcross has put together a selection of her letters drawing on the vast wealth of material in the Royal Archives and at Glamis Castle Queen Elizabeth was a prolific correspondent from her early childhood before World War I to the very end of her long life at the beginning of the twenty first century and her letters offer readers a vivid insight into the real person behind the public face
