Historicizing the Uses of the Past Helle Bjerg, Claudia Lenz, Erik Thorstensen, 2014-04-09 This book presents new developments in Scandinavian memory cultures related to World War II and the Holocaust by combining this focus with the perspective of history didactics The theoretical framework of historical consciousness offers an approach linking individual and collective uses and re uses of the past to the question how history can and should be taught It also offers some examples of good practice in this field The book promotes a teaching practice which in taking the social constructivist notions of historical consciousness as a starting point can contribute to self reflecting and critical thinking being fundamental for any democratic political culture **Our Nazis** Petra Rau, 2013-05-31 Focusing particularly on the British context this study offers the first analysis of contemporary popular and literary fiction film TV and art exhibitions about Nazis and Nazism
