

HTC Desire 22 pro

Inserting nano SIM and microSD cards

IMPORTANT:

Use a standard nano SIM only.

Don't cut a larger SIM card to fit. It's thicker than a standard nano SIM card and may get stuck in the slot.

Don't disassemble any part of the phone.

Don't try to open the phone or remove the battery by force. This may damage the phone or its electronics and will invalidate the warranty.

Don't throw the tray away.

You need it to insert your nano SIM and microSD™ cards.

1. Pull the tray out.

2. With the gold contacts facing up, place your main nano SIM card on the top side of the tray. Make sure to align the cut-off corner of the card to the notch in the tray.

When inserting the nano SIM card, press the card against the tab in the tray to fix it in place.

3. Flip the tray over to the bottom side, and then place either your second nano SIM card or a microSD card with the gold contacts facing up.

When inserting the nano SIM or microSD card, press the card against the tab in the tray to fix it in place.

4. With the top side of the tray facing up, insert the tray back into the slot. Make sure the tray is flush with the side of the phone.

Note: Your phone supports 5G NR, 4G LTE, 3G, and 2G cards. If you inserted two 5G NR cards, only one card can use the 5G data connection at a time. For details, see the user guide.

Restarting the phone

To restart your phone if it freezes, press and hold the Power button for 12 seconds until the phone vibrates. Then, release your finger.

Htc Desire Manual Dansk

Ayan Sharma

Htc Desire Manual Dansk:

Right here, we have countless ebook **Htc Desire Manual Dansk** and collections to check out. We additionally meet the expense of variant types and moreover type of the books to browse. The pleasing book, fiction, history, novel, scientific research, as skillfully as various additional sorts of books are readily user-friendly here.
