Cobb,Cobb,2009-03 As with any journey it cannot be completed alone God longs to help us support us and clarify our visions as we thirst for and grow closer to Him Patience is the bridge that gets us from the will of God to the promises of God therefore wait on Him and never make a long term decision based on short term pain God promises that we will be blessed beyond measure for following the instructions in His Word Go with God doubting nothing He wants us to learn and grow from our experiences and not just go through them Paul gently reminds us in Romans 5 3 4 that we also glory in tribulations knowing that tribulation produces perseverance and perseverance character and character hope The Father has given each of us gifts manage them well so that His generosity can flow through us then give Him the glory Use what He has given you to get what He has promised you It s in you and has been since before birth but you must believe and then respond with faith corresponding action If you get off course the Holy Spirit will redirect you back to what God has already given you The WORD Carole is not only a gifted writer she is an accomplished educator and a scholar She received her Bachelor of Science from Kentucky State University and both her Masters and Ph D from Wayne State University The driving force in Carole s life is her passion to please God therefore she strives to serve with a spirit of excellence in all that she does Her favorite Scripture is Luke 12 48b For unto whomsoever much is given of him shall much be required Carole encourages you to make a divine imprint in the lives of others to reach beyond yourself and serve

The Journey of Maps and Images on the Silk Road Philippe Forêt,Andreas Kaplony,2008 This

book covers new ground on the diffusion and transmission of geographical knowledge that occurred at critical junctures in the long history of the Silk Road Much of twentieth century scholarship on the Silk Road examined the ancient archaeological objects and medieval historical records found within each cultural area while the consequences of long distance interaction across Eurasia remained poorly studied Here ample attention is given to the journeys that notions and objects undertook to transmit spatial values to other civilizations In retracing the steps of four major circuits right across the many civilizations that shared the Silk Road The Journey of Maps and Images on the Silk Road traces the ways in which maps and images surmounted spatial historical and cultural divisions
