1. The Middle Ages is the name given to a period of history between the fall of Rome and the beginning of the Renaissance. The timespan in years is about 500-1500.
 2. Impacts of Germanic invasions included the following items: disruption of trade, shrinking of cities, movement of people to rural (country) areas, decline of learning, loss of common language, and government changed.
 3. Clovis brought Christianity to the Franks. The story is that he prayed to his wife's Christian God while losing during battle, ended up winning, gave the credit to Christ, and he and his soldiers were baptized after winning.
 4. Monasteries are religious communities for men. They give up their possessions and spend time studying and praying.
 5. Secular is defined as dealing with non-spiritual issues.
 6. The *major domo*, translated as *mayor of the palace*, ultimately became the most powerful person in the Frankish kingdom. The *major domo* was the head of the royal house and estates, but he also led armies and made political decisions.
 7. Charles the Hammer is the nickname for Charles Martel. Martel defeated Muslim invaders from Spain. Most historians credit him for stopping the Muslim advance into Europe at this battle, The Battle of Tours. Many historians say that if Charles the Hammer had lost, Europe, and consequently its eventual colonies, would be Muslim.
 8. Charles the Great is better known as Charlemagne. He was able to build a large empire, larger than any since the fall of Rome. He also encouraged learning and was a very active leader. His empire was weaker after his heir and then grandsons fought over and divided the land.
-
9. The Vikings, or Northmen, were from Scandinavia (northern Europe) and were known for their violent and fast raids.
 10. The King held the most power and resources and was at the top of the pyramid. The next social strata, the next layer in wealth and power, was held by church officials and nobles. Knights were beneath the nobles and church, and at the very bottom with the least wealth and power, were the peasants. See pages 360-361 of text, or your assignment.
 11. A manor was the entire lord's estate. It consisted of a manor house, serfs' and lord's fields, a church, and other items needed to live self-sufficiently. Many families lived on the manor usually, and it was a few miles in size typically. See page 362 of your text for an example.
-
12. Chivalry was the code that guided Knights. They were to be loyal, brave, and courteous though most were not in real life. Knights were to serve a lady, their feudal lord, and Christ.
 13. A boy became a Knight through a process that started around the age of 7. He was usually sent to another household where he was a page, learning to both serve and fight. As a teen, usually around 14, he became a squire which was a servant to a knight. Then, usually in his early 20s, he was ready to become a knight.
 14. They were to be loyal, brave, and courteous though most were not in real life.
