Middle-Class Waifs Elaine V. Siegel, 2013-05-13 In this volume a well known psychoanalyst dance therapist and educational consultant chronicles her clinical work with deeply troubled children who fall between the cracks of our diagnostic and educational systems These children who frequently turn out to have been sexually or punitively abused have no real emotional home despite the fact that they live in materially comfortable circumstances In spite of their apparent brightness and precocity they do not thrive in the classroom where their disruptive behavior tendency to act out and fragmented learning bring them to the attention of teachers counselors and school psychologists Standard diagnoses do not explain their plight such children are neither retarded nor learning disabled nor neurotic Through poignant case studies Siegel reviews the developmental circumstances that bring these middle class waifs to a critical impasse with both their parents and the educational establishment Time and again she discovers that the children's expectable developmental course has been derailed by their accommodation to parental abuse and deformed parental expectations Psychodynamic treatment invariably uncovers the maladaptive solutions that fueled the children's behavioral and learning disturbances This volume speaks to a broad clinical and non clinical readership psychoanalytic clinicians psychologists counselors social workers art dance and music therapists special education teachers child therapists and child care workers They will all join in admiration of Siegel's treatment approach which focuses on what is healthy in deeply traumatized children and in so doing helps debunk the myth of the untreatable child

Consuming Fantasies Lise Sanders, 2006 In *Consuming Fantasies Labor Leisure and the London Shopgirl 1880-1920* Lise Shapiro Sanders examines the cultural significance of the shopgirl both historical figure

and fictional heroine from the end of Queen Victoria's reign through the First World War. As the author reveals, the shopgirl embodied the fantasies associated with a growing consumer culture, romantic adventure, upward mobility, and the acquisition of material goods. Reading novels such as George Gissing's *The Odd Women* and W. Somerset Maugham's *Of Human Bondage*, as well as short stories, musical comedies, and films, Sanders argues that the London shopgirl appeared in the midst of controversies over sexual morality and the pleasures and dangers of London itself. Sanders explores the shopgirl's centrality to modern conceptions of fantasy, desire, and everyday life for working women and argues for her as a key figure in cultural and social histories of the period. This study will appeal to scholars, students, and enthusiasts of Victorian and Edwardian life and literature.

BOOK JACKET *Fantasy City* John Hannigan, 2005-07-20 *Fantasy City* analyses the post-industrialist city as a site of entertainment. By discussing examples from a wide variety of venues including casinos, malls, heritage developments, and theme parks, Hannigan questions urban entertainments' economic foundations and historical background. He asks whether such areas of fantasy destroy communities or instead create new groupings of shared identities and experiences. The book is written in a student-friendly way with boxed case studies for class discussion.

Celtic Myth in Contemporary Children's Fantasy Dimitra Fimi, 2017-03-06 Runner-up of the Katherine Briggs Folklore Award 2017, Winner of the Mythopoeic Scholarship Award for Myth Fantasy Studies 2019. This book examines the creative uses of Celtic myth in contemporary fantasy written for children or young adults from the 1960s to the 2000s. Its scope ranges from classic children's fantasies such as Lloyd Alexander's *The Chronicles of Prydain* and Alan Garner's *The Owl Service* to some of the most recent award-winning fantasy authors of the last decade such as Kate Thompson's *The New Policeman* and Catherine Fisher's *Darkhenge*. The book focuses on the ways these fantasy works have appropriated and adapted Irish and Welsh medieval literature in order to highlight different perceptions of Celticity. The term Celtic itself is interrogated in light of recent debates in Celtic studies in order to explore a fictional representation of a national past that is often romanticized and political.

Fantasy Fiction Jennifer Pullen, 2023-12-14 The first fantasy writing textbook to combine a historical genre overview with an anthology and comprehensive craft guide, this book explores the blueprints of one of the most popular forms of genre fiction. The first section will acquaint readers with the vast canon of existing fantasy fiction and outline the many sub-genres encompassed within it, before examining the important relationship between fantasy and creative writing, the academy, and publishing. A craft guide follows, which equips students with the key concepts of storytelling as they are impacted by writing through a fantastical lens. These include Character and dialogue, Point of view, Plot and structure, Worldbuilding, settings, ideologies, and cultures, Style and revision. The third section guides students through the spectrum of styles as they are classified in fantasy fiction, from Epic and high fantasy through Lovecraftian and Weird fiction to magical realism and hybrid fantasy. An accompanying anthology will provide students with a greater awareness of the range of possibilities open to them as fantasy writers and will feature such writers as Ursula Le Guin, China Miéville, and Theodora Goss.

emerged from an attempt to adjudicate among the official and the popular the national and the local the collective and the individual utopia and history At the core of Berlant's work is a three part study of *The Scarlet Letter* analyzing the modes and effects of national identity that characterize the narrator's representation of Puritan culture and his construction of the novel's political present tense This analysis emerges from an introductory chapter on American citizenship in the 1850s and a following chapter on national fantasy ranging from Hawthorne's early work *Alice Doane's Appeal to the Statue of Liberty* In her conclusion Berlant suggests that Hawthorne views everyday life and local political identities as alternate routes to the revitalization of the political and utopian promises of modern national life
