Our NHS Andrew

Seaton,2023-08-22 An engaging inclusive history of the NHS exploring its surprising survival and the people who have kept it running In recent decades a wave of appreciation for the NHS has swept across the UK Britons have clapped for frontline workers and championed the service as a distinctive national achievement All this has happened in the face of ideological opposition marketization and workforce crises But how did the NHS become what it is today In this wide ranging history Andrew Seaton examines the full story of the NHS He traces how the service has changed and adapted bringing together the experiences of patients staff from Britain and abroad and the service s wider supporters and opponents He explains not only why it survived the neoliberalism of the late twentieth century but also how it became a key marker of national identity Seaton emphasizes the resilience of the NHS perpetually in crisis and yet perennially enduring as well as the political values it embodies and the work of those who have tirelessly kept it afloat

Digital Activism in Zimbabwe Tenford

Chitanana,2024-10-21 This book investigates the role of the internet and social media in political processes in non western and non democratic contexts Using Zimbabwe as a case study the book demonstrates how activists and ordinary people

deploy social media particularly Facebook to subvert an enduring hegemonic state. However, the book also highlights how authoritarian regimes are in turn learning and adapting to the information age, challenging the impact of digital activism. Studies of digital activism in the Global South are often centred around democracy, but this book paints a more complex picture, examining the role and effect of digital activism in challenging state hegemony in authoritarian contexts. The book notes that while communication technologies help mediate activism, they are also simultaneously constrained by pre-existing and emergent challenges tied to the social and political context and the inherent limitations of those technologies. The book investigates the tactics used by digital activists, the contextual factors, and the restrictive political environment they operate in, including the role of pro-government activists and ultimately the impact of digital activism given these constraints. From the case of Zimbabwe, the book builds out a broader theoretical analysis of the evolution of third-world protest in the digital age, examining the limitations of activists' actions and the ideological deficit in online activism to ferment a virulent counter-hegemony.

A Research Perspective Nan Li, 2020-08-01. All educators in teacher education want to know what factors contribute to the academic success of undergraduate education majors or pre-service teachers. Teacher educators of eight universities across the state of South Carolina were determined to find out. This compilation is a result of their inquiry. The conclusions of this book are drawn from the contributors, and each chapter helps expand teacher educator readers' understanding and informs their practice as they work with initial certification students in educator preparation. *A Research Perspective* promotes the academic success of pre-service teachers by exploring common research questions posed to education majors of the eight universities in South Carolina. Ranging from historically Black to predominately White, from private to public universities across the state, these institutions serve a diverse body of students who described some insightful contributing factors and challenges to their success. The case scenario begins each chapter that provides contextual snapshots of the myriad choices and obstacles faced by pre-service teachers; the research narratives offer insightful analysis for teacher educators. Though written from the perspective of South Carolina, the lessons learned and recommendations for teacher education are relevant to any state. This is a must-read for all teacher educators interested in student success. This book is most interesting to members of teacher education organizations, especially the Association of Teacher Educators (ATE) and its 41 state and regional affiliates, including the South Carolina Association of Teacher Educators (SCATE) and the Southeast Regional Association of Teacher Educators (SRATE). It also has wide appeal to members of other professional organizations such as the National Association for Multicultural Education (NAME) and the American Educational Research Association (AERA). Finally, it's a good choice for professional learning communities of district personnel and classroom teachers since it provides insights that will strengthen mentoring and support systems provided to students.

teachers **Counter-Insurgency in Nigeria** Akali Omeni, 2017-09-08 This book offers a detailed examination of the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017 Based on extensive fieldwork conducted with military units in Nigeria Counter Insurgency in Nigeria has two main aims First it seeks to provide an understanding of the Nigerian military's internal role a role that today as a result of internal threats pivots towards counter insurgency The book illustrates how organizational culture historical experience institutions and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the past The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents specifically plans and operations between June 2011 and April 2017 Within this second theme emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram and this book aims to disperse that veil of secrecy Furthermore the work's analysis of the air force's role in counter insurgency is unprecedented within the literature on military warfare in Nigeria This book will be of great interest to students of military studies counter insurgency counter terrorism African politics and security studies in general
