About the Novel This story is an emotional and vivid portrayal of the relationship between a child and her teacher. Helen Keller is rendered deaf and blind at an early age, and by the time she is six years old, her behavior becomes completely unmanageable. In desperation, her parents send for teacher Annie Sullivan to bring some discipline into the spoiled child's life. Helen and Annie become locked in a ferocious battle of wills, but Annie is determined to bring a sense of discipline into Helen's life. Annie teaches Helen words by constantly spelling them into Helen's palm. Although Helen can spell them back, she doesn't understand that these words actually represent things. At the water pump, Annie spells water into Helen's hand, and suddenly the miracle happens. Helen understands.

Reading the Bible Ethically Eric J. Douglass, 2014-09-11 All interpretive systems deal with the author. Modern systems consider the text to be autonomous so that it is disconnected from the author's interests. In *Reading the Bible Ethically*, Eric Douglass reconsiders this connection. His central argument is that the author is a subject who reproduces her culture and her subjectivity in the text. As the author reproduces her subjectivity, the text functions as the author's voice. This allows Douglass to apply ethical principles to interpretation where that voice is treated as a subject for conversation and not an object for manipulation. He uses this to texture the reading process so that an initial reading takes account of the author's communication while a second reading critiques that communication.

Miracle and Magic Andy Reimer, 2002-12-01 Miracle workers and magicians are difficult characters for contemporary readers of Greco-Roman narratives to comprehend and to distinguish. Hindered both by our modern definitions of miracle and magic, we need to focus our attention on those ancient texts that deal with such characters and their differentiation. Two such texts, the Acts of the Apostles and Philostratus' *Life of Apollonius*, come from quite different religious backgrounds but demonstrate remarkably similar subtle cultural scripts at play. A detailed investigation of the social interactions in these two narrative
