

The “f” Logo is one of our most globally recognized and beloved assets. It’s used to represent Facebook the product (website or mobile app).

Using the “f” Logo

The primary use of the “f” Logo is to promote your organization’s presence on Facebook. For example, when you say, “Find us on Facebook” and link to your Facebook Page, it’s appropriate to use the “f” Logo. The “f” Logo may also be used side-by-side with other social media logos.

Clear Space

To preserve the integrity of the “f” Logo, always maintain a minimum clear space around the logo. This clear space insulates our “f” Logo from distracting visual elements, such as other logos, copy, illustrations or photography.

Maintaining Shape and Proportions

To ensure accurate and consistent use, never alter, rotate, embellish or attempt to recreate the “f” Logo. Never alter the proportions and shape of the “f” Logo for any reason. To resize, hold the “Shift” key in most software programs to maintain the proportions while scaling up or down. Always maintain the minimum clear space, even when proportionally scaling the logo.

Size

Be sure the “f” Logo is reproduced in a legible size and that they do not appear subordinate to any other partner logos included on the creative executions. Similarly, do not present the “f” Logo in a way that makes it the most distinctive or prominent feature of what you’re creating.

Color

Do not modify the logos in any way, such as changing the design or color. The correct color versions to use are the blue or reversed-out to white. If you are unable to use the correct color due to technical limitations, you may revert to black and white.
