

FAFSA[®]

FREE APPLICATION *for* FEDERAL STUDENT AID

Use this form to apply free for federal and state student grants, work-study and loans.

Or apply free online at www.fafsa.gov.

Applying by the Deadlines

For federal aid, submit your application as early as possible, but no earlier than January 1, 2014. We must receive your application no later than June 30, 2015. Your college must have your correct, complete information by your last day of enrollment in the 2014-2015 school year.

For state or college aid, the deadline may be as early as January 2014. See the table to the right for state deadlines. You may also need to complete additional forms.

Check with your high school guidance counselor or a financial aid administrator at your college about state and college sources of student aid and deadlines.

If you are filing close to one of these deadlines, we recommend you file online at www.fafsa.gov. This is the fastest and easiest way to apply for aid.

Using Your Tax Return

We recommend that you complete and submit your FAFSA as soon as possible on or after January 1, 2014. If you (or your parents) need to file a 2013 income tax return with the Internal Revenue Service (IRS), and have not done so yet, you can submit your FAFSA now using estimated tax information, and then you **must correct** that information **after you file** your return.

The easiest way to complete or correct your FAFSA with accurate tax information is by using the IRS Data Retrieval Tool through www.fafsa.gov. In a few simple steps, most students and parents who filed a 2013 tax return can view and transfer their tax return information directly into their FAFSA.

Summer Melt Benjamin L. Castleman,Lindsay C. Page,2020-01-15 Under increasing pressure to raise graduation rates and ensure that students leave high school college and career ready many school and district leaders may believe that when students graduate with college acceptances in hand their work is done But as Benjamin L Castleman and Lindsay C Page show summer can be a time of significant attrition among college intending seniors especially those from low income families Anywhere from 10 to 40 percent of students presumed to be headed to college fail to matriculate at any postsecondary institution in the fall following high school Summer Melt explores the complex factors that contribute to this trend the absence of school support confusion over paperwork lack of parental guidance and the teenage tendency to procrastinate The authors draw on findings from fields such as neuroscience behavioral economics and social psychology to contextualize these factors Drawing on a series of research studies they show how schools and districts can develop effective low cost scalable responses including counselor outreach peer mentoring and using text messages and social media to help students stay on track over the summer Summer Melt offers very practical guidance for schools and districts committed to helping their students make the transition to college

Making College Work Harry J. Holzer, Sandy Baum, 2017-08-15 Practical solutions for improving higher education opportunities for disadvantaged students Too many disadvantaged college students in America do not complete their coursework or receive any college credential while others earn degrees or certificates with little labor market value Large numbers of these students also struggle to pay for college and some incur debts that they have difficulty repaying The authors provide a new review of the causes of these problems and offer promising policy solutions The circumstances affecting disadvantaged students stem both from issues on the individual side such as weak academic preparation and financial pressures and from institutional failures Low income students disproportionately attend schools that are underfunded and have weak performance incentives contributing to unsatisfactory outcomes for many students Some solutions including better financial aid or academic supports target individual students Other solutions such as stronger linkages between coursework and the labor market and more structured paths through the curriculum are aimed at institutional reforms All students and particularly those from disadvantaged backgrounds also need better and varied pathways both to college and directly to the job market beginning in high school We can improve college outcomes but must also acknowledge that we must make hard choices and face difficult tradeoffs in the process While no single policy is guaranteed to greatly improve college and career outcomes implementing a number of evidence based policies and programs together has the potential to improve these outcomes substantially

Higher Education Student Financial Aid Kazi Abdur Rouf, 2020-03-25 The research finds the majority of the higher education student financial aid programs are managed by the states or private agencies or foundations in the world Their financial aid policies are continuously changing and improving to adopt contemporary situations and changing time Likewise the GB higher education student loan policy improvement can be done by continuously reviewing the system which is necessary for GB to strengthen its higher education student loan program in Bangladesh
