The Encyclopedia of Canadian Organized Crime Peter Edwards, Michel Auger, 2012-07-31 Unbeknownst to most there has always been an active circle of crime in Canada From Al Capone who dodged the heat during Prohibition in a network of tunnels under Moose Jaw Saskatchewan to

Montreal's Rizutto family this updated edition of The Encyclopedia of Canadian Organized Crime profiles the most notorious criminals this country has ever seen Reporters Peter Edwards and Michel Auger pool their research and expertise to provide a compendium of the personalities and crimes that have kept Canadian law enforcement busy for centuries Lesbian, Queer, and Bisexual Women in Heterosexual Relationships Ahoo Tabatabai, 2015-10-29 This book draws on interviews with women who left relationships with women to begin relationships with men and uncovers how the women make sense of who they are The women who leave female partners to begin relationships with male partners have the capacity to redefine their sexual identity They can essentially call themselves whatever they want However their capacity for such a creative process is limited In the process of framing their decision in a way that renders their claim to a stable identity legitimate the women communicate their understandings of notions of identity community and belonging The women also show a nuanced regard for sexual categories They stretch the boundaries of some categories while preserving and even policing the boundaries of other categories This book is in no way an ex gay narrative It is entirely the voices of feminist queer women who find themselves viewed by society as heterosexual but who themselves with two exceptions do not identify as such This book is a rich collection of wonderfully human stories about what it means to be true to oneself **Telling Sexual Stories** Ken Plummer, 2002-11 First published in 2004 Routledge is an imprint of Taylor Francis an informa company *Ardenti* Eskay Kabba, 2025-10-10 Their love is binding body and soul It is also forbidden As Chris the Ranger and Ciaran the Magi and Dragon Tamer grow closer they find magic in their connection But even for Ciaran Beals strange things are happening to them Chris Jennings can feel what Ciaran is feeling at any given moment and Ciaran can share his thoughts telepathically with Chris But a threat looms over their heads Ciaran's family have no idea that Chris is a Commoner a non magical human Magi around the world live by a set of laws made to keep them safe and most importantly invisible to the human world And Ciaran has broken quite a few of them just to be with Chris Ciaran needs to come clean and soon before they are separated forever The Advocate, 2006-06-20 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **People With HIV and Those Who Help Them** Carlton Munson, R Dennis Shelby, 2013-12-02 In this guidebook People With HIV and Those Who Help Them author Dennis Shelby uses the reported experiences of HIV positive men to chart the course of living with HIV He offers a consistent clinical theoretical framework that encompasses the vast range of clinical problems clinicians may encounter in their work with HIV positive individuals across the span of infection This book provides a detailed account of the many psychological transformations that infected people experience People With HIV and Those Who Help Them enables clinicians and students to better address the problems commonly encountered in clinical practice with persons with HIV Clinicians will be able to gain perspective on the process of knowing one is infected infected men will see their process mirrored and validated and family friends and partners of infected men will gain a greater appreciation for the experience of their relative

friend and partner As clinicians have gained experience in working with HIV positive people they have become increasingly aware of the complexity of successful clinical intervention with HIV related problems In his book Shelby breaks down this complex process into its component aspects psychological impact of HIV infection the process of adapting to the knowledge of infection the dynamic process involved with HIV infection common problems and solutions encountered by infected people case examples that illustrate the clinical framework intensive psychotherapy and HIV infection The study that is the basis for this book charts the initial psychological impact and many changes and transformations of the experience of being HIV positive While infected people are often encouraged to maintain hopeful outlooks and to think of themselves as living with HIV rather than dying from it it is often a long and arduous process to achieve and maintain this perspective People With HIV and Those Who Help Them is a guide to help those with HIV to keep a positive outlook on life
