Finishing First in Science Education Lillian Riggs Johnson,2024-03-12

School officials often examine teaching science from the perspective of the academic performance of K 12 children and the performance of the teacher But rarely do we see teacher preparation programs examined under the same scrutinization Finishing First in Science Education takes an inside view of these programs by transforming actual events into teaching case studies The case studies serve to encourage desirable skills within pre service teachers and teacher educators Employers all over the world desire creativity critical thinking collaboration and communication skills Educators can embrace these skills and emphasize them in teaching and learning
