How to Rebuild and Restore Classic

Harley-Davidson Big Twins 1936-1964 Rick Schunk, 2012-10-21. When it comes to collector motorcycles none hold the allure of the classic Harley Davidson Big Twins built from 1936 to 1964. But owning and maintaining these temperamental machines provides endless challenges. Even the most pristine restored example needs a tremendous amount of care, maintenance and repair. The rebuilding and restoring of these machines is not so much a defined task as a never ending process. This book serves to guide owners through that process. Beginning with a practical section on understanding choosing and purchasing a classic Harley this book focuses on the nuts and bolts of classic Harley ownership. Through step by step photography and thoughtful informative instruction the reader will learn how to disassemble a chassis, rebuild a fork, lace a wheel and paint the major parts for any restoration. It also provides thorough instruction on repairing, overhauling and restoring all major components such as the engine, transmission and electrical system.
