The Home Front: 1939-1945 in 100 Objects Austin J. Ruddy,2021-04-01 A colorful catalogue of objects that illustrate what everyday life was like in wartime Britain A lifesaving gas mask A ration book essential for the supply of food A shelter stove that kept a family warm while they huddled in their Anderson shelter A leaflet dropped by the Luftwaffe that was designed to intimidate Britain s populace during the threat of invasion A civilian identity card over stamped with the swastika eagle from the occupied Channel Islands A rare previously unpublished snapshot of legendary bandleader Glenn Miller playing at a UK air base A twisted remnant of German V2 rocket that went to space and back before exploding over London the result of equally twisted military science Colorful flag bunting that saw the VE celebrations in 1945 These disparate objects and many more together tell the moving and important story of Britain s home front during the Second World War The ordinary objects featured in this book supplemented with facts figures dates stories and statistics portray the highs and lows the British people experienced during six years of war from the deprivations of rationing and the bombing of the Blitz to the cheery songs elegant fashions and Dig For Victory spirit

The Phantom Army of Alamein Rick Stroud,2013-06-06 In 1940 a group of artists sculptors film makers theatre designers and set painters came together to form the Camouflage Unit They were so successful that in August 1942 Montgomery ordered them to to hide the preparations for the Battle of Alamein In six weeks two entire divisions were conjured from the sand while real units stores and men vanished into thin air Then right in front of the German s eyes they made 600 tanks disappear and reappear fifty miles away disguised as lorries Rommel had been bamboozled by an army made of nothing but string and straw and bits of wood

A Genius for Deception Nicholas Rankin,2009-11-10 In February 1942 intelligence officer Victor Jones erected 150 tents behind British lines in North Africa Hiding tanks in Bedouin tents was an old British trick writes Nicholas Rankin German general Erwin Rommel not only knew of the ploy but had copied it himself Jones knew that Rommel knew In fact he counted on it for these tents were empty With the deception that he was carrying out a deception Jones made a weak point look like a trap In A

Genius for Deception Nicholas Rankin offers a lively and comprehensive history of how Britain bluffed tricked and spied its way to victory in two world wars As Rankin shows a coherent program of strategic deception emerged in World War I resting on the pillars of camouflage propaganda secret intelligence and special forces All forms of deception found an avid sponsor in Winston Churchill who carried his enthusiasm for deceiving the enemy into World War II Rankin vividly recounts such little known episodes as the invention of camouflage by two French artist soldiers the creation of dummy airfields for the Germans to bomb during the Blitz and the fabrication of an army that would supposedly invade Greece Strategic deception would be key to a number of WWII battles culminating in the massive misdirection that proved critical to the success of the D Day invasion in 1944 Deeply researched and written with an eye for telling detail A Genius for Deception shows how the British used craft and cunning to help win the most devastating wars in human history **To the Last Man** Malcolm

Atkin,2019-04-30 This historical study of the UK s WWII homeland defense service dispels the propaganda and pop culture myths to reveal its true wartime role In 1940 Britain formed an armed citizen militia to act as the first line of defense in case of Nazi invasion an essential if suicidal mission intended to buy time for the organization of regular forces Officially they were the Home Guard Later a British sitcom that ran for nearly a decade in the 60s and 70s dubbed them Dad s Army That show contributed to a distorted perception of the Home Guard that persists today But as Malcolm Atkin reveals in this thought provoking book the Home Guard s image was manipulated from its earliest days Sifting through official documents and contemporary histories as well as stories artwork and poetry of the era and comparing these with postwar films and histories Atkin explores how the myths of the Home Guard arose and were exploited He also shows how the strong sense of gallows humor amongst its volunteers which fits in with a long tradition of self deprecating humor in the British army was taken out of context and became the basis of the TV series To the Last Man strips back the myths analyzing how the modern perception has evolved The result is a new gritty and sometimes shocking appreciation of the role that the Home Guard was expected to play in the Second World War
