collating of the data collected in the 1977 to 1982 into the chapters now found in this book and finding the missing data that not found in the 1977 to 1982 was very time consuming therefore I would like to thank my current wife Palesa for her patience as I spent many hours on the internet between 2009 and 2010 when the text of the book was completed All the sketches in the book were hand drawn by Martyn John West unless otherwise stated getting them onto my computer gave me problems I had not anticipated 90 % of the drawings were drawn between 1977 and 1982 the white paper was no longer white To scan them onto the computer and lose the cream background meant sacrificing the quality of the lines on the drawings With the low quality drawings on the computer I set about going over the lines of each drawing using my mouse to get around my now old shaky hand I zoomed to 5 times the size on the computer screen doing this part time took three more years the completed book being finally finished in January 2014 To all the elderly people I interviewed between 1977 to 1982 and to the various friends and colleges have encouraged the completion of this book I thank you they are not acknowledge individually as there are literally hundreds of them never the less thank you This book is intended to be a survivor s reference book but could also be used by someone with a particular hobby or interest
