

# REFLECTIVE JOURNAL

The main aim of this journal is to keep a record of my thoughts, notes, reflections and questions about this subject, and some implementation activities related to this subject that I have carried out in my classes. All the information we can find in this journal is connected, however I have decided to classify them by topics.

## ❖ **Balanced Assessment System.**

Balanced Assessment System (B.A.S.) refers to the strategy of using formative and summative assessment and the benchmarks to know if students are or not learning and improving. It is really useful to address immediate students' needs, informs ongoing instructional adjustments, and guides long-term educational improvement. B.A.S. focuses on both strengths and weaknesses and, because of that, a variety of assessment types are carried out to fit each student we have in the class.

## ❖ **Formative and summative assessment in B.A.S.**

In order to get the best formative and summative assessment in B.A.S. it is important to take into account some steps, they are as follows:

1. Think about the students' needs and interests.
2. Design the instruction.
3. Let students know the learning target.
4. Give feedback to the students.
5. Guide and take care of the students' progress.
6. Reflect on their progress and make them do it.

On the other hand, it is also relevant to determine the level of the students achievement after having studied a topic, or after the term, etc.

## ❖ **The Seven Strategies (7S).**

1. **Provide students with a clear and understandable vision of the learning target.** Let them know what they are learning and why they are doing it. It is important to use a clear language that should be

## **How To Write A Reflective Journal For University:**

*The Student's Guide to Reflective Writing* Martin McMorro, 2024-03-21 From your studies to your career reflection and reflective writing is a key skill for personal and professional development However reflective writing requires a different approach to essays or reports it can be difficult to know how to accomplish it Written in a supportive and inclusive tone The Student's Guide to Reflective Writing is an ideal resource for anyone faced with reflective writing assignments It provides clear and practical advice on every step of the process showing you how to Record your experiences Choose what to write about Structure your assignment Write reflectively using appropriate tone and language and Incorporate theory and refer to professional skills and competencies Throughout the book there are a wealth of practice tasks and detailed examples of reflective writing from a range of disciplines It also contains a glossary of sentence structures to help you get started and build your confidence This hands on and supportive guide equips you with the skills to write critically reflectively and successfully

**Reflective Writing in Medical Practice** Miriam A. Locher, 2017-06-05 This book reports the results of a linguistic analysis of reflective written texts produced during medical education or practice It explores the topics and communication skills the authors write about how the narratives develop how these texts are shaped what genres influence their composition how relational work surfaces in them and how the writers linguistically create their identities as experts or novices It is clear that both experienced and trainee medics grapple with the place of emotions in their communicative acts and with the idea of what it means to be a doctor The book makes a valuable contribution to genre analysis interpersonal pragmatics and the study of linguistic identity construction and will be essential reading for those involved in teaching doctor patient communication skills

**Developing Reflective Practice** Andy Grant, Judy McKimm, Fiona Murphy, 2017-06-26 The ability to reflect on practice is a fundamental component of effective medical practice In a sector increasingly focused on professionalism and patient centred care Developing Reflective Practice is a timely publication providing practical guidance on how to acquire the reflective skills necessary to become a successful clinician This new title draws from a wide range of theoretical and practical multidisciplinary perspectives to assist students practitioners and educators in embedding reflection in everyday activities It also offers structures and ideas for more purposeful and meaningful formal reflections and professional development Developing Reflective Practice Focuses on the developing practitioner and their lifelong learning and the development of professional identity through reflection Provides practical how to information for students practitioners and educators including realistic case examples and practice based hints and tips Examines and explains the theoretical and conceptual approaches to reflective practice including its models and frameworks

**The Reflective Journal** Barbara Bassot, 2024-08-26 This is a must have companion for those on placement or in professional practice or indeed anyone who is being encouraged to reflect more deeply on what they do A powerful tool for processing your thoughts feelings and actions The Reflective Journal will lead you to a deeper understanding of your working practice enabling you to

achieve your professional goals With writing space for your own thoughts and an abundance of advice on personal development this is an essential resource for reflection that you can make completely your own Providing an introduction to all the key theories of critically reflective practice structured activities examples and helpful writing prompts it is ideally suited for students and practitioners in Nursing midwifery and allied health professions Social work Counselling and psychotherapy Teaching and learning support Career guidance and advice work Youth and community work Business and management This fourth edition includes fresh material on self awareness reflexivity anti oppressive practice and emotional intelligence along with brand new journal extracts and new exercises to tackle blocks to reflection Reflective Writing for Nursing, Health and Social Work Elizabeth Tanguay, Peter Hanratty, Ben Martin, 2025-07-10 This book takes students step by step through the process of planning and writing a reflective essay beginning with crucial guidance on planning and structure It introduces different reflective frameworks and shows readers how to structure a piece of writing according to a particular framework Chapters contain a wealth of activities and exercises which will help build students skills and confidence The new edition features guidance on working with AI tools as part of the reflective writing process and helps students understand the benefits the risks and how to maintain academic integrity The book also features a new introductory section about getting into the reflective mindset Suitable for students of all health related disciplines this book gives readers the key tools they need to take their writing to the next level *Journal Keeping* Dannelle D. Stevens, Joanne E. Cooper, 2023-07-03 By the authors of the acclaimed Introduction to Rubrics Major growth of interest in keeping journals or diaries for personal reflection and growth and as a teaching tool Will appeal to college faculty administrators and teachers One of the most powerful ways to learn reflect and make sense of our lives is through journal keeping This book presents the potential uses and benefits of journals for personal and professional development particularly for those in academic life and demonstrates journals potential to foster college students learning fluency and voice and creative thinking In professional life a journal helps to organize prioritize and address the many expectations of a faculty member s or administrator s roles Journals are effective for developing time management skills building problem solving skills fostering insight and decreasing stress Both writing and rereading journal entries allow the journal keeper to document thinking to track changes and review observations and to examine assumptions and so gain fresh perspectives and insights over past events The authors present the background to help readers make an informed decision about the value of journals and to determine whether journals will fit appropriately with their teaching objectives or help manage their personal and professional lives They offer insights and advice on selecting the format or formats and techniques most appropriate for the reader s purposes Effective Learning and Teaching of Writing Gert Rijlaarsdam, Huub Bergh, Michel Couzijn, 2007-11-23 Effective Learning and Teaching of Writing is a handbook on research on the effective teaching and learning of writing It is a reference for researchers and educators in the domain of written composition in education Effective Learning and Teaching of Writing covers all age ranges and school

settings and it deals with various aspects of writing and text types Research methodology varies from experimental studies to reflective classroom practitioners research This new volume in the series Studies in Writing brings together researchers from all kinds of disciplines involved in writing research and countries in their endeavour to improve the teaching of written composition It is the result of co operation of researchers all over the world and shows that in spite of the differences in educational regions over the world research in writing shares similar problems and tries to find answers and generate new questions The body of knowledge in this volume will inspire researchers and teachers to improve research and practice

*Developing Reflective TESOL Practitioners Through Teacher Education* Andrzej Cirocki, Mark Wyatt, Xuesong (Andy) Gao, 2024-06-26 This textbook provides insights from Asian contexts into how reflective practice is nurtured on Teaching English to Speakers of Other Languages TESOL and English Language Teaching ELT teacher education programmes There is increasing recognition worldwide that given the centrality of reflective practice to teachers ongoing professional development supporting teachers to become reflective practitioners should be integral to teacher education programmes Consequently tertiary level courses in areas such as TESOL and ELT tend to promote reflective practice supported by theoretical input from the burgeoning literature on reflection much of which is produced in the West Relatively under represented in the literature are global perspectives on reflective practice there are consequently relatively few accounts as to how reflective practice is embedded in teacher education programmes in different parts of the world including Asia Hence this book addresses a gap Contributing authors from fourteen countries provide insights into the ways in which teachers are helped to grow as reflective practitioners on their teacher education programmes in their unique contexts This textbook showcases how reflective teaching practices are developed supported by frameworks for critical reflection and in interaction with local educational policies These distinctive accounts aid readers in reflecting on the ways in which reflective practice is supported in their own teacher education contexts and in considering ways of enhancing the reflective dimension of their programmes This textbook showcases innovative reflective activities and can be used as a principal text or as supplemental reading on a range of TESOL and ELT teacher education courses

**How to Do Your Research Project** Gary

Thomas, 2022-11-02 Starting your research project can feel daunting but this best selling project guide has your back Now in its fourth edition the book provides easy to follow advice to navigate every step of your research project from choosing your research question deciding on your research design and methodology collecting and analysing your data and writing up your finished project Presenting a clear and detailed roadmap to ensure you don't miss a step the book includes Case studies and real life examples from a range of disciplines so you can learn from other researchers who have been in your shoes DIY activities so you can practise your skills and get to grips with key concepts Practical advice on how to organise your writing develop your flow and build strong arguments Further guidance on assessing ethical risk including examples of high medium and low risk projects Written in Gary's signature straightforward style this book is an essential companion for anyone

undertaking a research project in the applied social sciences      *Reflective Practice* Gillie Bolton, 2010-02-04 Lecturers why waste time waiting for the post to arrive Request your e inspection copy today In the new third edition of this popular and highly readable book the author draws on her considerable experience and extensive research to demonstrate a creative dynamic mode of reflection and reflexivity Using expressive and explorative writing combined with in depth group work mentoring alongside appropriate focussed research it enables critical yet sensitive examinations of practice Gillie offers a searching and thorough approach which increases student and professional motivation satisfaction and deep levels of learning She clearly explains reflection reflexivity narrative metaphor and complexity and grounds the literary and artistic methods in educational theory and values Clear step by step practical methods are given for every aspect of the process New to this edition are A chapter presenting different ways of undertaking and facilitating reflective practice Further international coverage including material from Australia New Zealand and the United States The Third Edition also includes An annotated glossary explaining key terms End of chapter activities and exercises Suggested further reading and clear guides on chapter contents and how to use the book Companion website [www.uk.sagepub.com/bolton](http://www.uk.sagepub.com/bolton) An accompanying companion website includes a range of free additional materials for lecturers and students to use in tutorials and for independent study including discussion workshop exercises glossary and online readings The methods are appropriate to and used worldwide by students and professionals across education medicine and healthcare clinical psychology therapy social work pastoral care counselling police business management organisational consultancy leadership training      *Reflective Practices in Arts Education* Pamela Burnard, Sarah Hennessy, 2006-08-12 It is an exciting time to be an artist and artist educator Networks of schools and artists are being motivated by arts partnerships a relatively new phenomenon in a field which whilst disparate in its character and practice is marked by a common intention to respond effectively and critically to politically driven agendas of accountability school improvement and pupil attainment More than ever artists and educators alike have begun to realise the need to develop practices which offer the development of artist educator pedagogies as agencies for change and political action Understanding the function of reflective practice the conditions which support it and its impact on learning are addressed throughout this book We hope that the book will motivate readers with a diversity of interests and needs to engage in reflections of their own professional practices and of the practices of the communities in which they work This book is about reflection The thesis about the field it covers and major premise of this book is that reflection matters at every turn in arts engagement and even more so in educational settings where artist educators share a passion for facilitating and understanding the how of learners engagement with particular art forms It aims to show ways in which reflection can inform and transform practice in terms of what when and how reflection is embodied in arts engagement      **Keywords in Writing Studies** Paul Heilker, John Vandenberg, 2015-02-15 *Keywords in Writing Studies* is an exploration of the principal ideas and ideals of an emerging academic field as they are constituted by its specialized

vocabulary A sequel to the 1996 work *Keywords in Composition Studies* this new volume traces the evolution of the field's lexicon taking into account the wide variety of theoretical educational professional and institutional developments that have redefined it over the past two decades Contributors address the development transformation and interconnections among thirty six of the most critical terms that make up writing studies Looking beyond basic definitions or explanations they explore the multiple layers of meaning within the terms that writing scholars currently use exchange and question Each term featured is a part of the general disciplinary parlance and each is a highly contested focal point of significant debates about matters of power identity and values Each essay begins with the assumption that its central term is important precisely because its meaning is open and multiplex *Keywords in Writing Studies* reveals how the key concepts in the field are used and even challenged rather than advocating particular usages and the particular vision of the field that they imply The volume will be of great interest to both graduate students and established scholars

**Resources in Education**, 1999-04

**Concepts in Composition** Irene L. Clark, 2003-01-30 Textbook for composition pedagogy courses Focuses on scholarship in rhetoric and composition that has influenced classroom teaching in order to foster reflection on how theory impacts practice
