**EPZ Teaching Poetry** Fred Sedgwick, 2003-11-01 Too often the teaching of poetry is divided into the reading of poetry and the writing of poetry This division is strange and illogical because the two activities are not only linked but intermeshed This book will be an attempt to show how indispensable reading poetry is to writing it and vice versa The text will be divided into three sections The first section will be comprised of advice from his own experience on reading poetry to children at KS1 and KS2 The second section will comprise of case studies of children responding to poetry and will show how much children can actually understand The last section will be comprised of a case study of children writing poems

**Inspiring Children to Read and Write for Pleasure** Fred Sedgwick, 2010-10-04 A marvellous book of great practical value James Carter The lack of interest in reading for pleasure amongst large numbers of primary age pupils put off by mechanical worksheet driven approaches is a cause for major concern amongst education professionals and parents However Inspiring Children to Read and Write for Pleasure from writer journalist and education commentator Fred Sedgwick uses the context of literature to illuminate and inform the teaching of literacy in the primary classroom and inspire children to a love of books Aimed at Year 4 5 and 6 primary pupils but also significant as a transitions text to teaching secondary school pupils this book shows how children's fluency in language their thinking their talking their reading their listening and their writing can be greatly improved and enriched through contact with literature placed in an understandable context With both focus on prose and poetry primary pupils will be introduced to using grammar syntax and sentence construction skills in meaningful contexts Through the use of inspiring case studies schedules of work and practical classroom applications as well as literary figures like Dickens Coleridge Carroll Rossetti and Shakespeare primary school children can enjoy reading and writing again With a number of sample passages to use teaching guidelines and examples of children's work this book will be of great interest to literacy coordinators practicing Primary PGCE and Key Stage 2 teachers and those on BA Primary B Ed courses

**Read My Mind** Fred Sedgwick, 2002-11 This book aims to help all those involved with children and their learning through poem writing The book begins with an introduction outlining the importance of poetry It discusses poetry in terms of children's learning and the imagination

**Writing to Learn** Fred Sedgwick, 2002-01-04 Writing to Learn looks at how poetry can be used as an enjoyable way to teach literacy across the curriculum It includes

Poetry Pie Corbett,2008-09-09 A good poetry idea should help the children feel excited about writing and enable them to think of what to write developing their imagination creativity and writing skills Jumpstart Poetry is about involving children as creative writers through writing poems The book contains a bank of ideas that can be drawn upon when teaching poetry but also at other times to provide a source for creative writing that children relish There are more than 100 quick warm ups to fire the brain into a creative mood and to jumpstart reading writing and performing poetry in any key stage 1 or 2 classroom Practical easy to do and vastly entertaining this new jumpstarts will appeal to busy teachers in any primary classroom     *Learning Outside the Primary Classroom* Fred Sedgwick,2012-05-31 We believe that every young person should experience the world beyond the classroom as an essential part of learning and personal development whatever their age ability or circumstances Learning outside the classroom is about raising achievement through an organised powerful approach to learning in which direct experience is of prime importance LOTC Initiative manifesto In Learning Outside the Primary Classroom the educationalist and writer Fred Sedgwick explores in a practical way the many opportunities for intense learning that children and teachers can find outside the confines of the usual learning environment the classroom This original work is based on tried and tested methods from UK primary schools The author draws on current concerns in the educational world regarding outdoor learning as exemplified by the eight sector Learning Outside the Classroom LOtC initiative supported by Ofsted but remains refreshingly independent in approach Using a metaphor of concentric circles Learning Outside the Primary Classroom starts with a brief opening chapter based in the classroom itself before moving outwards to explore the learning possibilities presented by the immediate environs of the school playgrounds gym halls sports fields etc Later chapters move beyond the school gates to explore the local shops parks religious centres libraries and town halls and the myriad learning opportunities they represent The final chapters explore the possibilities of larger scale day trips to major galleries and museums and more ambitious field trips     **The Writers Directory 2008** Michelle Kazensky,2007-06 Features bibliographical biographical and contact information for living authors worldwide who have at least one English publication Entries include name pseudonyms addresses citizenship birth date specialization career information and a bibliography     **The Writers Directory** ,2013     **Contemporary Poets** Thomas

*Here Comes the Assembly Man* Fred Sedgwick,2020-04-30 Originally published in 1989 this is a book about managing a real primary school but unlike most management books it places the child at the centre of the exercise It concentrates on an untidy reality rather than a system on a human perspective rather than one which is manipulative of human reality The books narrative structure makes it unique amongst other books in the field Sedgwick writes with warmth and perception His insights into the relations between the children and their teachers form part of a collage of material Many accounts from parents visitors teachers and children are included in his colourful prose providing other points of view and changes in narrative gear Letters poems photographs and drawings complete the collage so that the book takes on a form which is appropriate to its subject the randomness and variety of a school s life *Here Comes the Assembly Man* is always absorbing at times highly amusing a rewarding read for all parents teachers and educationalists alike Drafting and Assessing Poetry Sue Dymoke,2003-01-28 This excellent book provides the reader with comprehensive coverage of all aspect of poetry teaching The book does more than inform us it inspires profound reflection on the best ways it support poetry writing and draws us into the debate about assessment driven curriculum School Librarian A must for trainee teachers and English departments Booktrusted News *Drafting and Assessing Poetry* is thoroughly researched and shows how attitudes towards teaching of poetry and indeed the place of poetry on the syllabus has changed with political fashion over the years but more importantly Sue Dymoke shows how a handful of contemporary poets go about drafting their work and sees this process as an essential tool in the classroom advocating that students should keep drafting notebooks just like real writers Getting students or indeed members of writing groups to understand that one draft of a poem may not be the final or best work they can produce will never be a problem again *Writing in Education* Sue Dymoke s book is a much needed antidote to the ubiquitous guides to poetry analysis This book is well worth reading for its clarity and wealth of ideas Bethan Marshall TES Teacher Magazine Every English department should buy this remarkably comprehensive book Inspiring approaches for teaching children to write poetry are clearly described Sue Dymoke draws upon her extensive experience as a poet English teacher and researcher to explore the place of writing poetry in English lessons and examinations Her unique insights into both the writing and teaching of poetry should prove invaluable to English teachers Dr Mark Pike Lecturer in English Education and Head of PGCE English University of Leeds It is a useful book a theoretical text but with a practical focus which makes it very readable and interesting to teachers of young people particularly but also to teachers of adults and indeed in parts to poetry writers themselves particularly those interested in working in schools or simply curious about the general process of drafting and evaluating poetry County Lit Nottinghamshire County Council Literature Newsletter *Drafting*

and Assessing Poetry offers a range of teaching strategies for developing students poetry writing skills and guidance about assessment approaches Critical commentaries combine with illustrations of successful classroom practice to consider this essential but under explored aspect of English teaching Based on theory but with a practical dimension the book engages readers in current critical debates about poetry teaching and its place in an assessment driven curriculum This book is for reflective practitioners including trainee teachers who want to develop their understanding of poetry teaching and to gain insights which will inform classroom practice It will also be useful for literacy co ordinators teacher educators and other advisory staff in the field of English teaching     *Forthcoming Books* Rose Arny,2000     **Thinking About Literacy** Fred Sedgwick,2005-08-09 Thinking About Literacy discusses the literacy of children in the infant years The author takes the view that the child is an active learner when he she arrives in school and that it is the school s job to build on what the child already knows The book addresses issues such as spelling writing and children talking and writing about moral matters It has an optimistic view of the potential of children to surprise us with their language and emphasises that literacy is for life not just for an hour     **Shakespeare and the Young Writer** Fred Sedgwick,2002-01-31 Shakespeare and the Young Writer presents fascinating and impressive accounts of primary school children encountering Shakespeare s work for the first time Fred Sedgwick shows how careful selection of scenes lines and images from the plays and sonnets in their original language can be used to great effect as the starting point for children s writing Examples of children s work show just how powerful the stimulus can be The book will be of great value to all teachers looking for new ideas to improve their practice in teaching literacy     *Elected Friends* Anne Harvey,1991     **The Expressive Arts** Fred Sedgwick,2020-04-22 Originally published in 1993 this book addresses the issue of the place of the expressive arts in primary schools in the years around and beyond the implementation of the National Curriculum It comprises a set of case studies on the language arts painting and drawing dance drama and music that suggest ways forward in teaching these arts to children aged between four and eleven     **How to Write Poetry** Paul B.
