not interested in art And most people who are artists do that because they like the work they like to do that make art Art has an integrity of its own and a purpose of its own and it s not to serve the society That s been tried now in the Soviet Union and lots of places and it doesn t work The only role I can think of in a very general way for the artist is that they tend to shake up the society a little bit just by their existence in which case it helps undermine the general political stagnation and perhaps by providing a little freedom supports science which requires freedom If the artist isn t free you won t have any art Donald Judd Interviews is co published by Judd Foundation and David Zwirner Books The interviews expand upon the artist s thinking present in Donald Judd Writings Judd Foundation David Zwirner Books 2016 The Dental Cosmos J.
