Figure 1

1. The first step is to identify the problem. This involves understanding the current situation and what needs to be changed.
2. The second step is to develop a plan. This involves setting goals and determining the steps needed to achieve them.
3. The third step is to implement the plan. This involves putting the plan into action and monitoring progress.
4. The fourth step is to evaluate the results. This involves assessing the effectiveness of the plan and making adjustments as needed.
