

Check Electrical Cords (including those on lamps and extension cords) and Entertainment Equipment (TVs, DVD players, computers, etc.)

☐ Is any cord frayed, cracked, or otherwise damaged ?	YES: Replace all damaged cords or replace equipment.	<i>Damaged cords may have exposed live wires that can be shock and fire hazards.</i>
☐ Is any cord placed where it might be stepped on?	YES: Move all cords so they are out of the path of foot traffic.	<i>Cords placed in the path of traffic are tripping hazards. Cords can be damaged when stepped on, creating a fire or shock hazard.</i>
☐ Is any piece of furniture or rug resting on an electrical cord?	YES: Move cords or furniture so cords are not covered.	<i>Heavy weights or traffic can damage cords, crushing insulation or breaking wire strands, creating a fire or shock hazard.</i>
☐ Is any cord tightly wrapped around any object?	YES: Unwrap cords.	<i>Wrapped cords trap heat that normally escapes loose cords, which can lead to melting or weakening of insulation.</i>
☐ Are cords attached to anything (wall, baseboard, etc) with nails or wire staples ?	YES: Remove any nails and/or staples and replace damaged cords.	<i>Nails and staples can tear or crush the insulation or cut the wires inside, presenting a fire or shock hazard.</i>
☐ Are all extensions cords equipped with safety covers on the unused outlets?	NO: Use safety covers that fill the slots of every unused outlet.	<i>Children can be shocked or seriously burned when they play with uncovered outlets.</i>
☐ Is any extension cord being used on a permanent basis?	YES: Have new outlets installed where needed, or move appliance closer to an outlet.	<i>Extension cords are not as safe as permanent house wiring. Installed wiring can carry more current and is protected from accidental damage that could cause shock or fire.</i>
☐ Is all the entertainment equipment placed so that air can freely circulate around it?	NO: Move equipment so it has room to "breathe." Avoid enclosing equipment in a cabinet without proper openings and do not store papers around equipment.	<i>Blocking air flow to equipment can cause overheating and a possible fire hazard. (Refer to the owner's manual for guidance.)</i>
☐ Is all the equipment in a dry location, free of any source of water, including rain, leaks, and spills?	NO: Relocate equipment away from water source such as plants and aquariums.	<i>Mixing electricity and water can result in a serious shock or fire hazard.</i>

Hse Manual Trinidad

E Durkheim

Hse Manual Trinidad:

Thank you for reading **Hse Manual Trinidad**. As you may know, people have look numerous times for their favorite readings like this Hse Manual Trinidad, but end up in harmful downloads.

Rather than reading a good book with a cup of coffee in the afternoon, instead they cope with some malicious bugs inside their computer.

Hse Manual Trinidad is available in our digital library an online access to it is set as public so you can get it instantly. Our book servers saves in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the Hse Manual Trinidad is universally compatible with any devices to read
