

A detailed oil painting of Victor Hugo's face, showing him with a full white beard and hair, looking slightly to the right with a thoughtful expression. His right hand is visible near his forehead.

Hugo Victor Pour Ces Dames:

Approaches to Teaching Hugo's Les Misérables Michal P. Ginsbug, Bradley Stephens, 2018-08-01 Offers pedagogical techniques for teaching Victor Hugo's Les Misérables in college classrooms including consideration of the literary market American pop culture childhood the literature of Paris utopianism the French Revolution adaptations and misery Includes maps information on reference works and online resources Gives syllabus suggestions for undergraduate and graduate courses

Victor Hugo Bradley Stephens, 2019-02-11 Victor Hugo is an icon of French culture He achieved immense success as a poet dramatist and novelist and he was also elected to both houses of the French Parliament Leading the Romantic campaign against artistic tradition and defying the Second Empire in exile he became synonymous with the progressive ideals of the French Revolution His state funeral in Paris made headlines across the world and his breadth of appeal remains evident today not least thanks to the popularity of his bestseller Les Misérables and its myriad theatrical and cinematic incarnations This biography the first in English for more than twenty years provides a concise but comprehensive exploration of Hugo's monumental body of work within the context of his dramatic life Hugo wrestled with family tragedy and personal misgivings while being pulled into the turmoil of the nineteenth century from the fall of Napoleon's Empire to the rise of France's Third Republic Throughout these twists of fate he sensed a natural order of collapse and renewal This unending cycle of creation shaped his ideas about freedom and roused his imagination which he channeled into his prolific writing and other outlets like drawing As Bradley Stephens argues such creative intellectual vigor suggests that Hugo was too restless to sit comfortably on the pedestal of literary greatness Hugo's was a mind as revolutionary as the time in which he lived

Sartre's Second Century Jean-Pierre Boulé, Benedict O'Donohoe, 2009-05-27 Sartre's Second Century reflects the richness of Sartre's vision of the human condition the diversity of the means he employed in grappling with it and the lengthy trajectory of his itinerary in a variety of wider cultural perspectives The centenary of Sartre's birth in 2005 was the primary occasion for many of the essays included in this volume Hosted by the UK or North American Sartre Societies contributors participating in Sartre's centennial celebrations were asked to address the central themes and overall development of his life and thought As the present collection shows the attempt to present Sartre in a retrospective light also provides a basis for assessing the relevance of his work for the new century

Victor Hugo, Jean-Paul Sartre, and the Liability of Liberty Bradley Stephens, 2017-12-02 The arch Romantic Victor Hugo 1802-85 and the Existentialist philosopher Jean Paul Sartre 1905-80 are widely perceived to have little in common beyond their canonical status However responding to Sartre's often overlooked fascination with Hugo Bradley Stephens cuts through generic divisions to argue that significant parallels between the two writers have been neglected Stephens argues that both Hugo and Sartre engage with human beings in distinctly non-ontological terms thereby anticipating postmodernist approaches to human experience From different origins but towards similar realisations they expose the indeterminate human condition as at once release and

restriction These writers insist that liberty is not simply a political ideal but an existential condition which engages human endeavour as a dynamic rather than definitive mode of being This incisive new book affirms the ongoing relevance of the two most iconic French writers of the modern period to contemporary discourse on what it means to be free Memory, Mobility, and Material Culture Chiara Giuliani, Kate Hodgson, 2022-11-18 With a focus on the object and where it is situated in time memory and space mobility Memory Mobility and Material Culture embodies a multidisciplinary and cross disciplinary approach The chapters track the movement of the objects and their owner s within and between continents countries cities and families Objects have always been considered with an eye to their worth economic aesthetic and or functional If that worth is diminished their meaning and value disappear they are just things Yet things can still fulfil functions in our daily lives they hold symbolic potential from personal memory triggers to focal points of public ritual and religion from collectors obsession to symbols of loss displacement and violence By bringing into dialogue the work of specialists in ethnology art history architecture and design literature languages cultures and heritage studies this volume considers how displaced memory the memory of refugees migrants and their descendants of those who have moved from the countryside to the city of those who have faced personal upheaval and profound social change those who have been forced into exile or experienced major personal or collective loss can become embodied in material culture This book is important reading to those interested in cultural and social history and cultural studies La Légende de Victor Hugo Paul Lafargue, 2002-01-23 Alors que la France est en deuil national en mars 1885 et pleure la disparition de Victor Hugo Paris est agité de l'une des plus bruyantes et des plus immenses cérémonies de la fin du siècle Un seul fait entendre une voix discordante dans le concert de pleurs et des regrets louangeux que la presse entonne Paul Lafargue cet crivain inclassable qui l'on doit Le Droit la paresse s'attaque ainsi la légende nationale que lui fabrique toute la presse Alors que nous nous apprêtons à célébrer de nouveau le grand politique il est encore temps de ne pas succomber à l'hugolatrie trépassée Les secrets d'alcôves de l'Histoire de France Didier Chirat, 2013-12-19 Sait-on quel est le secret ingrat qui permit au couple de Napoléon III et Eugénie de tenir malgré l'adversité et la brutalité des événements Comment une femme douce et tranquille Jeanne de Belleville a pu se faire pirate pour affronter Philippe VI et venger son amour Les ruelles de lit et les alcôves ont toutes aussi le théâtre de notre histoire On aurait tort de l'oublier Des manigances sanglantes des pouses mourovingiennes la discrète première Première dame de France de la Ve République en passant par les inoubliables conquêtes de nos rois galants lubriques François Ier ou Louis XV Didier Chirat nous invite regarder l'Histoire par le trou de la serrure **Le roman des artistes** Dan Franck, 2024-10-02 Voici le premier volume d'une trilogie Le roman des Artistes qui racontera de 1820 1885 la vie de tous les grands créateurs aux prises avec le temps des Révolutions 1830 1848 La Commune On retrouve ici tout le talent addictif dont l'auteur a déjà fait preuve dans sa fameuse trilogie Le temps des Bohèmes Bohèmes Libertad et Minuit Le cadre historique de ce premier volume va des Cent jours du Vol de l'aigle le retour de Napoléon en 1815 la veille de la Révolution de 1848 en passant par les Trois

Book Chat, 1887 **Victor Hugo's Les Misérables and the Novels of the Grotesque** Karen Masters-Wicks, 1994 This important study focuses on the novels of Victor Hugo one of the most well known French authors of the nineteenth century Through close readings of his most celebrated narratives *Les Misérables* and *Notre Dame de Paris* his juvenilia *Han d'Islande* *Bug Jargal* and *Le Dernier jour d'un condamné* and his later fiction *Les Travailleurs de la mer* *L'Homme qui rit* and *Quatrevingt-treize* the author breaks new ground in her elaboration of the problem of the grotesque esthetic between Hugo's novels and his romantic manifesto of 1827 the *Préface de Cromwell* in which he argues for inclusion of the grotesque as an esthetic part of the new romantic drama This modern esthetic of contrast thus becomes the point of departure from which his narrative springs It is the cornerstone of the differentiation between romantic and classical literature Hugo takes as his starting point the breakdown of all esthetic codes and creates a new framework for reading literature that is a romanticism of overcodified deformations
