Using Internet Primary Sources to Teach Critical Thinking Skills in Government, Economics, and Contemporary World Issues James M. Shiveley, Phillip J. VanFossen, 2001-09-30 Teachers of political science social studies and economics as well as school library media specialists will find this resource invaluable for incorporating the Internet into their classroom lessons Over 150 primary source Web sites are referenced and paired with questions and activities designed to encourage critical thinking skills Completing the activities for the lessons in this book will allow students to evaluate the source of information the content presented and its usefulness in the context of their assignments Along with each Web site a summary of the site's contents identifies important primary source documents such as constitutions treaties speeches court cases statistics and other official documents The questions and activities invite the students to log on to the Web site read the information presented interact with the data and analyze it critically to answer such questions as Who created this document Is the source reliable How is the information useful and how does it relate to present day circumstances If I were in this situation would I have responded the same way as the person in charge Strengthening these critical thinking skills will help prepare students for both college and career in the 21st century

Back to the Future Maria Assunção Flores, Ana Amélia Carvalho, Fernando Ilídio Ferreira, Maria Teresa Vilaça, 2013-06-13 Schools and teachers are facing various challenges in a rapidly changing world In such circumstances discussing and sharing concerns of mutual interest regarding policy practice and research is crucial to creating more

sophisticated understandings of the various challenges as a first step in the improvement of education While the future should not be imprisoned in the past the past does provide valuable lessons that will undergo new iterations in constructing the future The future will be multi faceted and complex and the different chapters included in this book are intended to provide important contributions from which to build the future of education The different chapters provide readers with international perspectives frameworks and empirical evidence of legacies continuities and changes in educational policy practice and research in teaching teacher education and learning We hope that they inspire the readers to build the future and to change their own professional realities Cheryl J Craig Ph D Professor University of Houston Houston TX USA Secretary ISATT This book metaphorically captures the looking backward to the past pressing forward to the future that typically takes place on celebratory occasions It causes us to pause and remember even as we race toward a time unknown to us In a sense the authors featured in this book serve as tour guides pointing out legacies continuities and changes in teaching and teacher education I strongly urge readers not only to peruse the chapters that follow but to distill them to their essences and to glean what is of value to be learned from them In conclusion the ISATT Executive especially thanks the co editors of this volume who have compiled a superb collection of chapters on a timely and relevant topic **Implementing**
